

ENTRY INTO THE SOUTH.

Bryan Elaborates His Ideas at Louisville.

He Still Advocates Government Ownership.

Dick Carries the Day in the Ohio Dispute.

(BY THE ASSOCIATED PRESS-P.M.)

LOUISVILLE (Ky.) Sept. 12.—On the occasion of his entry into the South, where his recent declaration as to governmental ownership of railroads has aroused the most opposition, William J. Bryan tonight made a more explicit statement as to his position in the matter. In dead silence, he read a lengthy statement elaborating his position, but declaring that "the making of platforms rests with the voters of the whole party, and I never have and never will attempt to force my opinion on those of any few men on the party."

While thus indicating that the doctrine of governmental ownership is in the hands of the voters, Bryan's speech indicated plainly that nothing has yet occurred to shake his belief in the ultimate efficacy and necessity of it. He declared that he would gladly make any sacrifice in exchange for the assurance that regulation, instead of government ownership would answer the needs of the people, but he expressed grave doubt as to whether regulation would ever suffice. He also took pains to point out that he could not convince his hearers that government ownership of trunk lines and State ownership of State lines "not only preserve the rights of the States, but will permit the people of each to adopt government ownership when they are ready for it."

A tremendous yell arose when, at the finish of the statement, Bryan with all the emphasis he could muster resorted to his last words: "Whenever I saw a danger threatening the people, I have spoken out without asking anybody's permission or quailing the effect it may have on me."

DISPUTE OVER DICK.

(BY THE ASSOCIATED PRESS-P.M.)

DAYTON (O.) Sept. 12.—Temporary Chairman Horrick called the convention to order, James Holcomb of Cuyahoga county moved that "it be the sense of this convention that Senator Dick be requested to decline to act as chairman of the State Executive Committee, and that he be requested to decline to act as chairman of the State Central Committee in that position."

Cries from the delegates for "Foraker" brought the Senator to the front of the platform, and by unanimous consent the Senator addressed the convention, briefly declaring that he "knew of no reason why a man who was good enough to be chairman for McKinley and who is acknowledged to be one of the best chairmen ever known should not be continued in that position."

The convention was in a turmoil as he concluded, and the chairman had difficulty in securing a vote on the motion. A vote was taken, and the roar of "noes" was followed by a prompt declaration that the motion was lost. However, a demand for a roll call was made, and a roll call was ordered.

The motion was lost, enough negative votes being cast to defeat it. Before the roll call was ended, the vote was announced was 244 yeas and 514 noes.

Senator Dick thanked the convention for its call on him to "lead once more the Republicans party to victory."

The Senator was applauded heartily. Tonight, Congressman Burton gave out the following statement:

"Of course, I had hoped for more successful results, but so far as my own efforts are concerned, no beginning was made until the end of last month, while, on the other side, the organization which had been formed for many years and which, by its varied ramifications, is extremely powerful in State and National politics, will be continued for the essential principles for which it has contended."

The platform is disappointing to many of us, because it is not progressive enough. I had hoped there would be a plank in favor of the nomination of United States Senators by popular vote, and favoring the tariff revision, but these will come in time."

CONNECTICUT DEMOCRATS.

FULL STATE TICKET CHOSEN.

(BY THE ASSOCIATED PRESS-A.M.)

HARTFORD (Conn.) Sept. 12.—Mayor Charles F. Thayer of Norwich was today nominated for Governor by the Democratic State Convention. The remainder of the ticket followed.

Lieutenant-Governor—John M. Ney of Hartford.

Secretary of State—George Forster of Rockville.

State Treasurer—E. S. Roberts of North Canaan.

State Controller—Eugene B. Peck of Bridgeport.

Attorney-General—William R. Stoddard of Milford.

Representative-at-Large—Charles E. Donahue of Derby.

The platform dealt with State issues only, and denounced the Republican administration of the commonwealth's affairs. The election of United States Senators by direct vote of the electors also is demanded.

CONTEST IN COLORADO.

HARD FIGHT OF DEMOCRATS.

(BY THE ASSOCIATED PRESS-A.M.)

DENVER (Colo.) Sept. 12.—The order of business in the Democratic State Convention, upon reconvening today, was the majority report of the Committee on Credentials upon sending the delegation from Denver county, headed by Mayor Robert W. Speer and composed of supporters of the city administration and recommending admission of the contested delegation chosen by the supporters of United States Senators Patterson and Teller, and other Democrats opposed to corporation domination.

After a hard fight, lasting until midnight, last night, the Committee on Credentials voted, 80 to 21, to unseat the Speer delegation, and the majority report is based on this action. The Denver contest has overshadowed the contest of the delegation chosen by the supporters of United States Senators Patterson and Teller, and other Democrats opposed to corporation domination.

The Lake county (Leadville) contest received attention first in the convention today, and the committee's report

LEAGUE HOISTS HEARST'S NAME.

NEW YORK CONVENTION PUSHES HIM FOR GOVERNOR.

Cheers Greet the Appearance of the Editor and He Responds to the Nomination from the Platform.

Lewis Stuyvesant Chanler Chosen for Position of Lieutenant Governor.

(BY THE ASSOCIATED PRESS-P.M.)

NEW YORK, Sept. 12.—The closing session of the Independence League Convention tonight began with a tremendous uproar, started by the bringing in of an immense portrait of William B. Hearst, president of the league, and the man seriously mentioned as its candidate for Governor. The roar of cheers, tooting of horns, ringing of bells and a thousand forms of noise drowned the music of the band. From 8 o'clock, the hour to which the convention stood adjourned, until the hour when it actually convened, there was a continuous demonstration of the Hearst name, packed to its utmost capacity on the floor and practically every person waving a flag.

The convention was called to order precisely at 9 o'clock by Judge Samuel Seabury, the permanent chairman. The ticket for State candidates recommended by the committee was announced as follows:

Governor—William Randolph Hearst of New York.

Lieutenant-Governor—Lewis Stuyvesant Chanler of Dutchess.

Secretary of State—John H. Whalen of Monroe.

State Treasurer—George Fuller of Jefferson.

Comptroller—Dr. C. H. W. Auel of Erie.

State Engineer and Surveyor—Frank L. Gettings of Tompkins.

Attorney-General—John Ford of New York.

Chanler, nominated for Lieutenant-Governor, is brother of former Congressman William Chanler. He is a son of the late Congressman John Winthrop Chanler and a graduate of the original John Jacob Astor.

Whalen for Secretary of State is a national organizer of the Tobacco Workers Industrial Union. He is the first Past Grand Knight of the Knights of Columbus of the State of New York.

The report as read was adopted and a committee conducted Hearst to the platform amid most tumultuous scenes.

After the cheering had gone on for half an hour Hearst himself tried to stay the tumult with outstretched arms. He was finally successful. He then spoke briefly, saying:

"I am honored to have been nominated by this convention. I am proud to run on this platform. I am devoted heart and soul to the principles expressed in every line of it."

POLITICAL BRIEFS.

Blagoe Accepts Nomination.

SAN FRANCISCO, Sept. 12.—The nomination for Lieutenant-Governor on the Independence League State ticket, tendered to James H. Blagoe of Ocean View, was accepted by the latter.

The recent State convention of the organization has been accepted. In a letter to the committee, Blagoe says he is fully in harmony with the principles of the league.

WASHINGTON.

GETS SETBACK ON RECIPROCITY.

ADMINISTRATION MEETS WITH REFUSAL FROM CANADA.

Dominion Refuses to Consider the Subject or Hold Any Further Meetings of the Joint High Commission.

Vice-President Fairbanks is Head of the Latter Body.

(BY DIRECT WIRE TO THE TIMES.)

WASHINGTON, Sept. 12.—[Exclusive Dispatch.] The administration, it is stated, has met with a setback on practically the final refusal from the Canadian government to take reciprocity, or to consider or to hold any further meeting of the Joint High Commission which once came so near settling the reciprocity trade treaty with Canada.

The administration also is informed that, at the next session of the Canadian Parliament, Sir Wilfrid Laurier will present a high protective tariff bill which will discriminate against American manufacturers severely, and which will probably be enacted during the early winter.

The administration's failure in this matter is due wholly to the determined attitude of the Canadian government not to reopen the discussion.

There can be no question of the good faith of the President and Vice-President Fairbanks, the latter being American chairman of the Joint High Commission, in trying to secure a better understanding, and, if possible, trade arrangements with the Canadians. While unlikely that any direct or personal statement will be made by the President or any other American statesman on the question, it can be said positively that the administration considers the question wholly ended.

RATE LAW OPERATION.

UNIFORM SYSTEM SOUGHT.

(BY THE ASSOCIATED PRESS-A.M.)

WASHINGTON, Sept. 12.—Discussing the probable method of proceeding under the new railroad rate law, Interstate Commerce Commissioner Cockrell said the first effort of the commission would be a uniform way of doing business.

"We are," he said, "giving most of our attention to securing the adoption of a general system, believing that by pursuing this course we will lighten our own labors and render it possible for the railroads to aid us in carrying the law into effect."

He then outlined the plans of the commission to secure, first, a uniform system of accounting by the railroads; second, a uniform system of classification of freight throughout the United States; third, a uniform schedule of rates, fares and charges; and, fourth, the performance by the roads of the entire transportation from the place where freight is received to the point of destination.

Cockrell also said that the railroads are manifesting a disposition to aid the commission in the enforcement of the law.

HAVANA REBELS' AIM.

(Continued from First Page.)

that an American warship was coming was by dispatches this morning. Within a few hours the Denver entered, firing her guns as she rounded Morro Castle.

The story ran from lip to lip that an attack on the city had begun by insurgents and crowds rushed about.

The only reason made public for the presence of the Denver is the protection of American interests. The Denver was in the maneuvers at Oyster Bay, and went from there to New London. Then she was ordered to Norfolk. When off Hatteras she received a wireless message to proceed to Key West. Before landing there she received instructions to come here.

Foreign residents are delighted. The Denver anchored in the back bay within a short distance of the wreck of the Maine.

WAR TO A FINISH.

So far as war developments go, affairs are quiet, but the public interest was deeper and more animated and earnest than on any preceding day.

The government's outright declaration that the war will be prosecuted to a finish was everywhere the sole topic of conversation.

The government forces in Havana paraded through the principal streets, and were greeted with some enthusiasm. The parade, which was headed by the artillery band, consisted of 400 Grand Guard, clad in the regulation khaki uniforms of that organization, 200 mounted city militia, 600 Infantrymen, Rural Guards and volunteers, and a city militia company of artillery with two machine-gun batteries. The parade was reviewed by President Palma at the palace.

Particular plans have been prepared for the defense of the outskirts of the city. The American rapid-fire battery keeps nightly vigil at La Fuerza Castle, in front of the palace, prepared to fire the Plaza de Armas Park, fronting on the palace, in the event of any surprise in that quarter. The water works at Vento Springs and other outlying exposed points are being guarded with increased vigilance.

ATTACK DOUBTED.

It is not generally believed that there is sufficient insurgent force near Havana at present to attempt to enter capital, and many doubt whether the insurgents will have sufficient nerve in any event to attempt to traverse the long distance from the suburbs to the palace, with the certainty of death to many of the attacking force on the way.

News that the United States warships are arriving in Cuba is exciting great interest here. There is general belief that marines will be landed to protect American property and persons, and they will not be likely to be withdrawn until peace is thoroughly established, with a guarantee of its continuance.

There were only a few scattering reports of alleged conspirators. The leaders have mostly joined the insurgents in the field.

Telegraphic communication has been reestablished with the city of Pinar del Rio, and it is expected that railway traffic soon will be resumed to that place.

The Santa Clara revolutionists, who are in greater number than in any other of the provinces, are reported to be especially well supplied with ammunition, provisions and money.

PRESIDENT ON WATCH.

ARMY IS IN GOOD SHAPE.

(BY THE ASSOCIATED PRESS-P.M.)

WASHINGTON, Sept. 12.—President Roosevelt is keenly alive to the progress of the revolutionary movement in Cuba and the responsibility of the United States in case the conditions grow worse and intervention becomes necessary. It is known that the President will not intervene until it appears absolutely necessary, yet steps have been taken which would make such intervention effective.

The ships that have been sent to Cuba are there for the purpose only of protecting American interests and furnishing asylum for Americans who may be in danger from the warring factions.

Actual intervention would mean the use of the army and all the available forces would be ready to be used and will be ready if a serious situation develops.

EQUIPMENT PROVIDED.

Under present conditions the army has been kept in a better state of preparation than ever before and will be ready if called upon. Correspondence between the President, the Secretary of War and Gen. B. H. L. has provided for all contingencies.

It is recognized that intervention would be no "holiday" matter, but that an army would be necessary, and in case of intervention every available man of the regular army will be used, and will be sent to Cuba as fast as possible. Although no regular transports are available on the Atlantic Coast, it is known where the transports can be obtained as soon as needed.

Some weeks ago the Sixth and Twenty-first regiments of Infantry were ordered home from the Philippines, it being stated that their tour of service in the Pacific Islands was completed. These regiments, upon their transports which sailed last winter for the Philippines, will bring available troops to the Atlantic Coast and also the transports which would be very necessary if the Platt amendment is invoked.

POLICY ANNOUNCED.

The policy of preparedness for any emergency in Cuba, so far as the immediate operation of war vessels is concerned, was announced at the State Department today. It includes the arrival at Havana tonight of the protected cruiser Denver and the gunboat Marietta at Cienfuegos some time tomorrow. The cruiser Des Moines will remain at Key West until further orders.

In making public these facts acting Secretary of State Bacon said that there was no disposition on the part of this government to make a demonstration in Cuban waters, but the insurrection had attained such proportions that it had become necessary to

PITH OF NEWS FROM THE MIDDLE WEST.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, Sept. 12.—[Exclusive Dispatch.] A violent electrical storm which swept Chicago and its environs today, heavily charged, was the atmosphere that electric glass cracked during the storm as if the wires had snapped, and telephones were put out of commission. The severest damage was inflicted in Oak Park. Several buildings were struck by lightning almost simultaneously. The electric light system was completely paralyzed. The local fire department trees were felled and wires were down in all directions. From a minimum of 74 deg. F. temperature advanced to 83 deg. at noon, when the storm broke. Then there was a decrease to 76 deg. Middle West temperatures:

MRS. MORSE LEFT HOME.

Clarence Tomlinson Morse, a lawyer and member of the University Club, was divorced today by Judge Carpenter in the Circuit Court from Mrs. Elizabeth W. Morse, who according to Mrs. Morse, has a large estate in her own name. Against the wishes of her husband, Mrs. Morse is said to have fled to Switzerland with their two children.

SCHOOL TEACHERS INDIGNANT.

(BY DIRECT WIRE TO THE TIMES.)

CINCINNATI, Sept. 12.—[Exclusive Dispatch.] Bloomers have been suggested as the proper apparel for Marion (O.) school teachers, and they are highly indignant. The suggestion was made by H. H. Dickinson, president of the school board, at a meeting of that body today, as the result of a protest made against the use of oil on the floors of the school buildings. The teachers complained that the oil soiled their dresses.

INSURANCE AGENT ARRESTED.

(BY DIRECT WIRE TO THE TIMES.)

DES MOINES, Sept. 12.—[Exclusive Dispatch.] H. B. Dickinson, an insurance agent, was arrested at Corns tonight on the charge of being implicated in the death of Irene Hydenburg, following an operation. Dickinson has a wife and three children. Mrs. Hydenburg came from Eldora, where she was a telephone operator. Her father is now in the penitentiary, convicted of the murder of her mother.

FOR WIRZ MONUMENT.

(BY DIRECT WIRE TO THE TIMES.)

NEW ORLEANS, Sept. 12.—[Exclusive Dispatch.] The Confederate veterans will erect a monument to Henry Wirz of Andersonville Prison fame. The G.A.R. protested against this at the Minneapolis meeting.

Las Lajas, near the Trinidad sugar estate, managed by O. B. Stillman of New York, has been blown up. The manager of this railroad reports that insurgents also are taking stores.

It is known that the government regards the situation in Santa Clara province as even more dangerous than in Pinar del Rio on account of the number of insurgents in the former province. After the capture of the latter, it was estimated at from 500 to 12,000.

More fighting was reported today in the vicinity of Consuelacion del Sur.

ALBRECHT BEYOND RECOVERY.

Richest Prince in Germany Has Stroke of Apoplexy and There is Little Chance for Life.

(BY THE ASSOCIATED PRESS-A.M.)

BERLIN, Sept. 12.—The condition of Albrecht, Prince of Prussia, regent of the Duchy of Brunswick, is worse today and there is little likelihood of his recovery. The Prince had a stroke of apoplexy yesterday.

Albrecht is the richest Prince in Germany. In addition to the possession of many large estates he is reported to have investments totalling \$1,500,000. His fortune in Germany is second only to that of Prince Rupprecht, duke of the Lippe.

The regency of Brunswick, which is one of the Emperor's appointments, will probably go to Prince Eitel Frederick, the second son of His Majesty.

CAUSES HUSBAND'S ARREST.

CHICAGO, Sept. 12.—Francis A. Cuddihy, said to be a member of a wealthy eastern family, was today held to bail on a charge of wife abandonment. Mrs. Cuddihy, who preferred the charge against him, was prior to her marriage, Lillian Halahan, a member of the famous Florida society at the same time as Evelyn Nesbit Thaw. Mrs. Cuddihy testified today that Cuddihy had left her several days after their wedding in 1904. She had been unable to ascertain his whereabouts until she accidentally met him on the street in Chicago.

MORGAN AFTER RUBBER.

BUSHEL, Sept. 12.—It is stated on good authority that the Anglo-Belgian Rubber Trust has decided to discontinue the exploitations of its concession on the Congo and it is believed that J. E. Morgan is disposed to form a syndicate to carry them. Negotiations are alleged to be going on to acquire the Congo concession.

Interview between Morgan and King Leopold at Dover, the King being one of the principal shareholders of the Anglo-Belgian Company.

SEVEN TRAINMEN KILLED.

CHATTANOOGA (Tenn.) Sept. 12.—Seven trainmen were killed in a collision of two freight trains on the Western and Atlantic Railroad at Ringgold, Ga., today. The accident was due to the backing of orders by the engineer of one of the trains.

HARTJE FOLLOWERS INDICTED.

PITTSBURGH, Sept. 12.—The grand jury today returned true bills against August Hartje, John S. Welshons and Clifford Hove, charging them with conspiracy to defraud the character of Mrs. Mary Scott Hartje.

TURKEY'S CHANGE OF FRONT.

CONSTANTINOPLE, Sept. 12.—[Exclusive Dispatch.] A dispatch from Peking states that China has opened the cities of Tientsin, Tungchiang and Pakumen, Manchuria, to international trade.

OBITUARY.

Abraham Pasha.

CONSTANTINOPLE, Sept. 12.—Abraham Pasha, for many years master of ceremonies at coronations and other ceremonies, died today. He was highly esteemed here.

BELLS RING LOUDLY FOR PARTY'S CHOICE.

Nomination of the Young Ex-Congressman Greatly Enthusiasm Democrats Routine Proceedings of the Convention Platform and Speeches.

(BY THE ASSOCIATED PRESS-P.M.)

PAVILION (Sacramento) Sept. 12.—A remarkable demonstration that continued for several minutes occurred in the Democratic State Convention, this afternoon, when Theodore A. Bell, former Congressman from the Second District, was nominated for Governor by acclamation. Throughout the day the members of the Los Angeles delegation had carried handbells of all descriptions, and there were rung with a great noise as Bell was carried to the platform on the shoulders of his friends. The ringing of a huge picture of Bell was also the occasion of an enthusiastic demonstration.

PHILAN'S WITHDRAWAL.
It became known early in the day that there would be no opposition to Bell, when James D. Philan, former Mayor of San Francisco, sent a telegram to M. P. Snyder, and Isaac Dockweiler, stating that he would positively decline to take the nomination even if it were tendered him. The positive withdrawal of M. L. Diggs early in the day removed the only other candidate of any strength.

TOLAND RUNNING MATE.
Thomas A. Toland of Ventura was given the nomination of Lieutenant-Governor by acclamation, as well. It was not until late this afternoon that the nominating was commenced. But when the work of selecting the nominees had fairly started, the nominations proceeded with great rapidity. The only officers for which more than one candidate was presented were those of the Attorney-General, State Printer, Superintendent of Schools and State Printer. All the other nominations were made by acclamation.

CREDENTIALS VERIFIED.
When the convention got down to work, Chairman H. P. Andrews of the Credentials Committee, presented his report. It was in part, as follows: "Your Credentials Committee has been very busy in verifying the credentials of the delegates from the various counties. The roll call as prepared by the Central Committee from the credentials furnished by the various county committees, signed by their chairmen and secretaries, by the Registrar of Voters of the city and county of San Francisco, and the Clerk of the County of the county where the primary election law is in force. There were no contests."

RECESS.
When it was reported that the Committee on Platform would not be ready to report until 1:30 o'clock this afternoon, an adjournment was taken until the time.

ORDER OF BUSINESS.
The convention reconvened at 2 o'clock this afternoon. The Committee on Order of Business reported as follows: "To the Chairman and members of the Democratic State Convention, we, your Committee on Permanent Organization and Order of Business, respectfully report as follows: 1.—We recommend that the temporary officers of this convention be made the permanent officers thereof. 2.—Report of the Committee on Credentials. 3.—The nomination of two candidates for Justice of the Supreme Court for the next term. 4.—The nomination of one candidate for Justice of the Supreme Court for the next term. 5.—Report of the general convention for one-half hour during which the various district conventions will meet, and the chairman of the district conventions will report. 6.—Report of the action of the Judicial District Conventions. 7.—Report of the Committee on Platform and Resolutions. 8.—The nomination of a candidate for Governor. 9.—The nomination of a candidate for Lieutenant-Governor. 10.—The nomination of a candidate for Attorney-General. 11.—The nomination of a candidate for State Controller. 12.—The nomination of a candidate for State Treasurer. 13.—The nomination of a candidate for Surveyor-General. 14.—The nomination of a candidate for clerk of the Supreme Court. 15.—The nomination of a candidate for Superintendent of Public Instruction. 16.—The nomination of a candidate for State Printer. 17.—Report of all other district conventions. 18.—The selection of a State Central Committee as follows: One member from each of the counties, except in districts composed of more than one county and in such districts one member from each county thereof, to be selected by the delegates in the convention from said Assembly districts and counties respectively; two members from each of the counties to be selected by the delegates in the convention from the respective Congress districts; the appointment by the chairman of the convention of twenty-four members at large, to be appointed three from each Congress district, and the chairman of this committee to be a member of the State Committee. 19.—The selection of a party-of-election committee, to be appointed by the chairman of the convention. 20.—The passage of a resolution authorizing the State Central Committee to fill any vacancy on the ticket."

SUPREME COURT PLACES.
The report having been adopted, the chairman announced that the first business would be the nomination of candidates for the Supreme Court, long term, Jackson Hatch of Santa Clara and Judge Murasky of San Francisco received the nominations by acclamation. The nomination of Justice for the short term was temporarily passed.

RESOLUTIONS COMMITTEE MEET.
The Committee on Platform and Resolutions organized last night, Judge Trask of Los Angeles was chairman by appointment and C. F. Kimball of Chasqua county was chosen secretary. After discussion as to the best method of procedure, it was decided that platforms drawn up by Judge Trask, Judge Peter J. Shields of Sacramento, E. E. Leske of Woodland,

M. T. Conner of Mendocino county and Joseph Call of Los Angeles should be read, together with separate planks which any member desired to introduce and that these platforms be submitted to a sub-committee of ten, which should consider the various documents, and report a platform back to the convention.

On this committee were appointed Judge M. T. Conner, F. D. Windlay, J. H. Call, Edward White, T. J. Geary, T. O. Toland, Judge Parshar, J. B. Curtis, W. O. Loukes and L. F. Bryington.

During the proceedings of the convention, the following resolution of M. T. Conner, of Mendocino county, was adopted:

"Resolved, That in the so-called independent League we recognize a political machine, and we are opposed to its own political 'reform' and of which he is the undisputed boss, and an ingenious endeavor to forestall and prevent the nomination for President and to compass the defeat of America's greatest citizen, William H. Bryan; we therefore denounce such purposes, and call upon all true Democrats to oppose such ends."

NOMINATIONS IN ORDER.
When the time for nominating had arrived, W. D. Jacobs of Stockton placed the name of Theo. A. Bell before the convention for Governor. He said in part:

"I arise to nominate a man for Governor—a man that will be the next Governor of the State. [Applause.] He is a self-made man, who worked his way through school and who took the examinations and was admitted to the bar. For four years he was District Attorney of Santa Clara county, and so well did he do his duty that he was sent to Congress. While he was Representative in Congress, he led the fight for labor against the shipping trust, and was instrumental in having the first battleship constructed on this Coast built at Mare Island."

"Gentlemen, I have the honor to place in nomination the Hon. Theo. A. Bell."

The applause continued for several minutes after Bell's name had been announced. Bells were rung by the members of the Los Angeles delegation and a large bell in one end of the hall was rung.

SECONDED BY PALMER.

Bell's nomination was seconded by Judge James M. Palmer of Napa.

Judge John A. Raker of Modoc moved that the nominations be closed, and Bell was declared the nominee by acclamation.

BELL COMES FORWARD.

Amid shouts and applause that lasted several minutes, Mr. Bell was literally carried to the platform, where he brought the delegates to their feet in a stirring address. He said in part: "I am keenly sensible to the honor you have conferred on me, and I am fully alive to the great responsibilities that are attached to the nomination. I accept the nomination, and you tendered me. And from now until the 6th of November, I will keep that commission unsullied."

"We meet today as the representatives of the only sovereign power in this State, the people. I believe that the work of this convention will be of such a character that it will present a strong contrast to the work of a convention which was held a week ago. I believe we have met here today as the representatives of popular government. This convention is a just and a noble one, and I believe it takes a position which none may assail. Nobody will be able to say that we are dictated by party spirit."

"The coming fight before the people will not be so much a battle of Republicans and Democrats, as a struggle between bad and good, and between free rule."

"I thank you for the great honor you have conferred on me. I accept of the platform you have adopted. With the assistance of the manhood and womanhood of California, I believe we can carry our banner to success."

DIGGS PLEDGES SUPPORT.

After Bell had left the platform, Marshall Diggs, who was a candidate upon the opening of the convention for the gubernatorial nomination, was called upon for an address. He said: "I aspire to the nomination for Governor, but when I found you wanted me, I withdrew my name. I pledge to him, and I hope he will be elected. Cheers were tendered Diggs as he took his seat."

TOLAND NOMINATED.

Isadore B. Dockweiler of Los Angeles nominated Thomas A. Toland of Ventura for Lieutenant-Governor. Timothy Spelley seconded the nomination of Toland, and he was declared nominated by acclamation. When Toland had been escorted to the platform he said: "I highly appreciate the honor you have conferred on me in declaring me the running mate of Thomas A. Bell. I believe in the principles that have been outlined by Mr. Bell, and I will do my utmost to assist him."

NICHOLS GOES IN.

A. F. Jones of Butte county presented the name of Arthur L. Nichols of Butte county for Secretary of State. He said that Nichols had been Secretary of State during the administration of Hayes. Nichols was given the nomination by acclamation. John Markley was named for State Controller by Isadore B. Dockweiler. The nomination was made by acclamation.

S. S. Bailey of San Francisco was given the nomination for Treasurer, his name being presented in the convention by W. D. Jacobs of Stockton. Lewis F. Bryington, former District Attorney of San Francisco, seconded the nomination, which was made by acclamation.

MORTON WINS OVER GILL.

There was a one-sided fight for Attorney-General. The nomination was finally secured by W. M. Morton of Los Angeles, who received 32 votes to 15 given M. G. Gill of Tehama county.

for the convention by J. E. Pemberton of Mendocino.

DEMOCRATIC GALLANTRY.

Miss Anna Williams of Modoc county was nominated for State Superintendent of Schools in an interesting contest. She was placed in nomination by Judge J. A. Baker of Modoc. A. A. Macardis, deputy Superintendent of Schools of San Francisco, C. W. Moore of Modoc, the other could have no effect on the result. So the convention took a recess to await the report of the Platform Committee, which was sweating the hours away in the parlors of the Golden Eagle Hotel.

LANGDON DISAPPEARS.

Langdon, the candidate of Hearst's Independence League, who had been conspicuous on the two preceding days, had dropped from sight. He sent a note to the newspaper reporters that he could not present himself to the convention because the balance of power was held by the railroads, represented by "Tom" McCaffery of Los Angeles and the Ruf-Schmitz henchmen of San Francisco, who "have combined with Boss McNaught and his machine."

This was the medicine larded out to him by Hearst's aggregation of politico-newspaper workers.

READING OF PLATFORM.

At the reassembling of the convention, late in the afternoon, Judge Trask of Los Angeles read the report of his committee. It was received with cheers. Big and little bells clanged and jangled at the mentioning of Bryan's name.

OWENS RIVER SAFE.

An Inyo county delegate got up to oppose the plank supporting Los Angeles in obtaining water from the Owens River. The objector received no support.

A bevy of woman suffragists applauded the aid extending help to their cause. The entire report was adopted with a rush.

EARL ROGERS OUTRAGED.

It had been intended that Earl Rogers of Los Angeles should place Bell in nomination. W. D. Jacobs of Stockton first got the chairman's eye, and to him fell the honor. Pandemonium broke out at the mention of the candidate's name. The great bang came when the nomination was made unanimous.

BORNE INTO HALL.

Like all expectant candidates, Bell was concealed behind a tree outside the hall, or somewhere else. Big straps followed that he is, he was borne into the hall on the shoulders of two men. An immense portrait had preceded him to the platform. More bells and yells, until the immense Agricultural Pavilion shook with the tumult.

HEARST, HERRIN OR BELL.

Bell made his talk. He said the issue was Hearst, Herrin or Bell. He hit at the Independence League and Hearst's pretensions; at the Republican party and machine tactics.

DIGGS IS 'GLAD.'

Marshall Diggs followed with remarks on the joys of a defeated candidate, and "how glad," etc.

GOULD ANSWERS THEM.

Then F. H. Gould, a San Francisco lawyer, stepped quickly to the platform. Gould said he had a resolution to present with reference to Hearst.

"Soak him," yelled a dozen Los Angeles delegates.

A score of delegates rushed to the front of the hall.

There were hisses at the mention of the name. It clearly was an anti-Hearst crowd; yet there were many, many delegates there who fought two years ago at Santa Cruz for the political ascendancy of the same individual. Gould's resolution is as follows:

"Resolved, That in the so-called Independence League we recognize a political machine created by W. R. Hearst for his own political purposes, and of which he is the undisputed boss, and an ingenious endeavor to forestall and prevent the nomination for President and to compass the defeat of America's greatest citizen, William H. Bryan. Therefore, we denounce such purposes and call upon all true Democrats to oppose such ends."

A score of delegates rushed to the front of the hall to move the adoption of the resolution. There were many seconds. Down the main aisle sped a lone Hearstite, who, however, his resolution was referred to the committee.

FINLAYSON'S SUCCESS.

Frank G. Finlayson of Los Angeles was quick to move that the motion to refer be postponed indefinitely. He was urged to speak from the platform, and motion being supported vociferously.

"It is not necessary to refer this to the committee," he said. "We are making it fast. We are making it fast. We have run out the old and rung in the new. By adopting this resolution, we have done it. The generous member that has discussed the party."

The speaker referred to slurs cast upon the convention and its officers in this morning's issue of Hearst's San Francisco organ, in which Los Angeles delegates had been belittled and charged with being under the domination of McCaffery as "railroad boss," and in which State Chairman Spelley was accused of being the representative of the Standard Oil.

"GOOD-BY, HEARST."

Call for a vote on the adoption of Gould's resolution brought forth a storm of "ayes." Mocking cries of "Good-by Hearst," and "By-by, Willie," were heard in all parts of the hall.

NOMINATIONS PROCEED.

This important and exciting incident over, the nomination of other State officers proceeded quickly. L. B. Dockweiler of Los Angeles named Thomas A. Toland of Ventura for Lieutenant-Governor and Timothy Spelley seconded the nomination, which was given by acclamation.

Arthur L. Nichols of Butte county, named for Secretary of State, the son of the Secretary of State during the administration of Gov. Haigh.

LOS ANGELES CHOSEN.

Los Angeles gets a candidate in the person of W. M. Morton, a former candidate for Congress, who was nominated for Attorney-General over

RIGHT OF ROUTING.

"We remind that Congress shall so amend the Interstate Commerce Act as to confer upon all shippers of through freight the right to control the routing of the same over all connecting lines between initial and terminal points."

EXCLUSION OF ASIATICS.
"Recognizing the imperative necessity of preserving the people of our State from competition with Mongolian labor, we declare for the strict maintenance and enforcement of the Chinese Exclusion Act without modification of any kind, and for the extension of such act to all Asiatics, Japanese and Koreans; further we pledge our candidates for Congress to work and vote for the passage of a bill which shall effect this latter object."

RESTRICTION OF INJUNCTIONS.
"We favor the passage of the bill introduced in Congress at the request of organized labor to restrict the issuance of the writ of injunction in labor controversies, and pledge our representatives in Congress to support and secure the passage of such bill."

PUBLIC OWNERSHIP.
"We favor the passage of such laws

HEARST RUNG OUT.

(Continued from First Page.)

report of the Committee on Credentials. Everything was so strongly for Bell that a dozen of fifteen delegates one way or the other could have no effect on the result. So the convention took a recess to await the report of the Platform Committee, which was sweating the hours away in the parlors of the Golden Eagle Hotel.

LANGDON DISAPPEARS.

Langdon, the candidate of Hearst's Independence League, who had been conspicuous on the two preceding days, had dropped from sight. He sent a note to the newspaper reporters that he could not present himself to the convention because the balance of power was held by the railroads, represented by "Tom" McCaffery of Los Angeles and the Ruf-Schmitz henchmen of San Francisco, who "have combined with Boss McNaught and his machine."

The Broadway Department Store

Another Upheaval in Apron Prices

A STIRRING OPPORTUNITY FOR WOMEN TO BUY APRONS ALREADY MADE FOR LESS IN MANY CASES THAN THEY WOULD PAY FOR THE MATERIAL ALONE.

Hundreds of aprons, all made of Amoskeag gingham; hundreds more of fine lawn and saten. Extra wide, extra full, extra long. All at extra low prices. We've had apron bargains before, but never bigger surprises than these, for gingham prices have gone way up. This opportunity came like rain out of a clear sky to us. Its very unusualness emphasizes the strength of Broadway merchandising. Dealers know where to come when they want money quickly, same as women know where to come when they want bargains, and they'll come buying in crowds today. Many of these prices are less than you would have to pay for the material alone. Take this—

Mother Hubbard Aprons at 39 Cents

Made fine and full and big, of good gingham with deep ruffle on the bottom, different lengths. Come to the second floor for them today; 30c as long as they last.

MOTHER HUBBARD APRONS AT 75c—That would be splendid values at 95c.

30c APRONS AT 25c—Cut with deep ruffles on the bottom; same with bibs.

25c GINGHAM APRONS AT 15c—Price the gingham alone and you'll appreciate this value more.

15c WHITE APRONS 10c—Fine for home or waitresses' use; knee length.

LARGE LAWN APRONS AT 30c—They're extra large, of fine lawn; some with bibs and shoulder straps; some plain.

25c BLACK APRONS 15c—Plain and cut full.

25c LAWN APRONS 15c—With bib and shoulder lapel. There'll be a great apron day today; second floor.

EVERY SUMMER HAT AT 10c
IN THE ANNEX TODAY

All Millinery Flowers 5c

Odds and ends of our big summer flower stock, field flowers, poppies, lilacs, marguerites, geraniums, dandelions, roses of different kinds and colors. Many good values earlier at 40c. We are going to sell them all today in the Annex at 5c each.

A WAIST SENSATION 95c---ONE PRICE

There are about 300 waists; some of them were \$1.25, others were \$1.40 and \$1.75, and low priced at the latter prices. They've been out on tables, some of them are soiled and mused. Others are fresh and new. We are going to close them all out today. We've marked them all 95c and gave notice of the fact in last night's papers. There are waists here in white lawn, dotted swiss, and madras, long or short sleeve styles, all sizes included, but not in every style. Many of them elaborate with embroidery. Come for them quickly, the second floor, today; the quicker you come the better choosing you'll get.

SAVE ON GROCERIES

The slogan that is bringing us a bigger grocery business every day—good, pure groceries—rightly priced; not according to the whims and dictates of trustism. Independent methods are appreciated—are blazing a clear trail to a great success for this fourth floor grocery store. Merit and open methods win. Order your groceries here. Both phones 337. Hints:

Ripe Olives, gallon can 64c
Rub Less Washing Powder, 10c pkg. for 6c
California Olive Oil, 1/2-pint bottle 19c

Albert Biscuits, 10c pkg. at 7c
Condensed Mince Meat, 3 pkgs. at 15c
Each package makes two pies.

It'll pay you to order the staple groceries you want here. Just use this list as a guide to other savings.

New Fall Corsets
FOR STOUT WOMEN

A special demonstration this week,
the new fall styles in Nemo corsets
and how much they mean to stout
women.

Mrs. Craig, expert corsetmaker, is
here. She'll be glad to fit you. Re-
member, a good deal of the styles of
the new suit depends upon the fit of
the corset.

Come and as Mrs. Craig all the
questions you want to today. She'll
help you to greater comfort.

Children's Knit
Waists 15c

The good Nazareth waists that are
regularly 25c. Factory seconds,
nearly perfect. Not all sizes but a
good assortment, and great values for
today, second floor.

Children's Muslin Skirts 35c. All
have waists, size 1 to 3 years. Today
second floor.

U.S.C. OPENS
ON MONDAY.Two-thirds of Football Men
Will Come Back.New Agreement Will Make
the Coaches Hustle.Haggerty Is Not Worrying
About St. Vincent.

After a long rest in an athletic way, the University of Southern California will open for the winter semester next Monday and the young athletes who will attend that institution have been preparing themselves in a way for the sports they will take part in this year in the college. It might be said in this connection that nothing will be done next week in any branch of athletics except to get the various candidates out on the field and put them through a little light limbering-up practice, but there will probably be something doing the week after.

Concerning the football squad, Coach Holmes thinks that about two-thirds of last year's men will return to the university this year and this will be a most important thing. Some of his best men will be back and he is willing to take a chance with the new material he can pick up.

The last year's men who will come back are: Chet Hagler, center; Lavon Miller and Brown, guards; Crittenton, tackle; Elliott, Shute and Nicholson, ends; Charley Hagler, Burek and White backs, and Bear quarter. This last year's team who will not return, Lane and Bailey are practicing diligently in this city; Westover is hunting big game in Arizona; Cass is an employee of a telephone company, and Ochoa will like to return but has been declared ineligible on account of not completing some of his studies last year.

In all probability the only changes that will be made in last year's lineup will be in changing Shute from end to halfback and in putting Charley Hagler as a tackle instead of a halfback.

Young of the Los Angeles High School will come to the university as a freshman and will be put on tackle and there is no doubt but that he can hold a place on the team.

Now that the coaches and the respective faculties have come to an agreement on the eligibility of athletes it is expected that things will be along smoothly and the agreement is certainly a fair one. No one can enter now and play until the football team, but he can go into track sports because by the time these come on next spring the player will have been at college one semester, but if he enters as a straight freshman he can go into football.

Coach Haggerty is not worrying about the apparent discrimination of Pomona and Occidental to include St. Vincent in athletics, for he says very quietly that Occidental and Pomona always come to St. Vincent for games of some kind before the season is very far advanced.

SIX PUGS SEEK OPEN TITLE.
Wiping Out of Nelson's Claims Insures
Lively Excitement of Skill Friday
Night—Betting Even.

Tom McCarry of the Pacific Athletic Club formally announced yesterday that the winner of the battle between George Meemie and "Montana Kid," next Friday night, would at once be matched with Charley Neary, the crack Milwaukee lightweight, who has been seeking championship honors for the last two years and has lately shown much improvement. The practical wiping out of Nelson's claims to championship honors leaves the title a very open one between at least half a dozen men, several of whom are now in this vicinity.

It is Manager McCarry's intention to hold a sort of continuous tournament among the aspiring lightweights in which all the best men of that class will be asked to participate. After the wedding-out process has left the best of the bums in the contest, a decision will be made between them for the championship will be arranged. Much interest is therefore added to Friday night's contest, as he has been for ten rounds, and will be preceded by three six-round curtain raisers between Leonard Lauder and Young Berry, Scotty Johnson and Jimmy Ervin, and the last between Tommy Leahy and the New Turk.

Flynn, the Pueblo (Colo.) heavyweight who is to battle with Tommy Burns September 23, will arrive here Friday morning and will at once start training. In the meantime, Tommy Burns is losing no time at his Arcadia quarters. He has been in light training there for nearly a month.

Word was received today from Harry Baker, the San Francisco ex-amateur who recently obtained a well-earned decision over Frankie Nell, that he was anxious for "go" with the Champ, the unquestioned featherweight champion of the world. Attell expressed a similar desire to meet Baker after he had shown his caliber by defeating Nell. A date immediately following the Burns-Flynn fight has been offered them. Both are evenly matched in the matter of weight.

DUNNIGAN TAKEN ILL.
Wants Another Chance to Row Opponents
in Late Contest at
San Diego.

Dick Dunnigan, the athlete who represented the Los Angeles Athletic Club in the Admission Day rowing contest in the bay at San Diego, will seek another opportunity to race his southern opponents this fall. During the single scull race Dunnigan took violently ill and it was with great difficulty that he finished the distance. He had to be helped from his boat and was in the care of a physician for some time afterward.

Up to the time he was taken ill, Dunnigan had led in the race and those who saw the contest say that he made the best turn at the buoy of any of them and that he had a splendid chance to win. His friends want him to try again, and C. F. Franklin, the rowing coach, will try to get him in first-class shape to win, probably at the proposed regatta about Thanksgiving Day.

The fifty-fourth annual session of the California Methodist Episcopal Conference opened at Pacific Grove yesterday with Bishop David H. Moore presiding. Rev. C. A. Irons was elected secretary.

SHOOTERS ARE GOOD ANGLERS.

Noted Professionals Fish at Ocean
Park Before Going to
San Diego.

Gunslingers, professionals and amateurs, went to San Diego, yesterday afternoon, to participate in the target tournament to take place at the Coronado Country Club grounds under the auspices of the Pacific Gun Club, Friday and Saturday. Today the trap shooters will practice on the grounds in order to become used to the traps and direction of the wind. Almost all of the professionals who were in Los Angeles during the shoot have ended Monday with the Pacific Coast Handicap, have gone to San Diego, and many of the amateurs also have entered the events.

Tuesday and Wednesday were off days for the target men and they passed the time at the beaches fishing, the guests of members of the Los Angeles Gun Club. Frank Childs, who enjoyed the fishing as much as he did the shooting earlier in the week, says that the big professionals are as good anglers as they are trigger pullers. Rollo Heikes, Walter Huff, H. C. Hirscher, Tom Marshall and others, especially distinguished themselves. "Uncle Bill" Crosby did not compose one of the party but hid himself to exclusion with a friend. Possibly that is the secret of the old man's wonderful nerve. While friends are out having a good time, "Bill" is recuperating from a bad cold.

Crosby is a distinct character. While other shooters wear fancy equipment, he sticks to his plain Parker and ordinary clothes. He even refuses to wear any of those celluloid ear "stoppers," but is satisfied with cotton which he sticks into his ears to prevent the noise of the violent air waves, caused by the explosions of the charges in the gun, from injuring his drums.

ASPHALT FACTOR
AT SAN RAFAEL.CHANGE FROM CEMENT AFFECTS
SOUTH'S TENNIS PLAYERS.

Conclusion of Tournament Sheds
Light on Conditions That Tended
to Handicap Skill of Visiting Players—
Hot Weather Also Figures in
Defeat—Hosts Royal Entertainers.

BY TOM BUNDY.

On the conclusion of the recent tennis tournament at San Rafael, it was an open question as to the relative merits of the players of the North and the South. During the first week of August the Southern California championship tournament was held on the courts of the Ocean Park Country Club, which was attended by four of the best players from San Francisco and vicinity. These four players did not reach the final of any of the several events. Their poor showing was undoubtedly due to a great deal to the changing from asphalt to cement courts.

In the San Rafael tournament for the championship of the Pacific Coast, just concluded, the South was represented by four of her first class men and several women players. Of these, only reached the final in men's singles, two reached the final in men's doubles, one reached the final in women's singles and two reached the final in women's doubles, but all the championship titles remained in the North.

Changing from the cement courts of the South to the asphalt courts of the North necessitates quite a change in a player's technique. The balls bound much slower and do not come up against the player's racket with nearly so much force. The player must bear in mind continually that he has to hit the ball harder and higher. Many a point which would be a clincher on a cement court can easily be returned on an asphalt court. This fact gives a great opportunity for the players of the North to develop their game, especially their ground strokes.

DEFEAT SOUTH'S INCENTIVE.

Much can be said in favor of the Northern players, but, taking everything into consideration, their game is no better than that of the Southerners; and, up to the present year, has been far inferior, for this is the first year that most of the championships have not been brought South. The fact that the South has won so many of its titles this year will be the best thing which could happen to tennis in the South, as it will be an incentive to make the Southern players buckle down to hard practice to improve their game.

If there could be a regulation court contest, as has been the case in the past, something else—which would be used in all championship tournaments, it would be a splendid idea. At least, players would have an equal chance for winning. Asphalt courts are very hard on the feet, as one pair of slippers will last about ten days.

The San Rafael courts are very uneven in every respect except for the extremely hot weather. The place is shut in by hills on all sides and there is not a breath of air stirring; the heat in the middle of the day is almost unbearable and in consequence the matches are hard fought.

During a close match the courts are covered with little spots of perspiration dripping from the players. The heat in the middle of the day is almost unbearable and in consequence the matches are hard fought. During a close match the courts are covered with little spots of perspiration dripping from the players. The heat in the middle of the day is almost unbearable and in consequence the matches are hard fought.

PLAYERS RETURN.

All of the tennis players who represented Southern California in the tournament at San Rafael returned to Los Angeles yesterday. Bell, Bundy, Bruce, Saubagh and Browne, and Mrs. Bruce, Mrs. Bell, Mrs. Seymour, Miss Dobbs, Miss Seymour, and Miss Peralta made up the Southern team. They did not succeed in bringing back any of the championships with them, it is significant that the South was represented in the final matches of every event except the junior tournament.

The local players met with the same difficulty at San Rafael that confronted the Northern players when they were overwhelmingly defeated at Ocean Park in the early part of August. None of them were able to play their best game owing to the fact that they were unaccustomed to the asphalt courts. While all have nothing but words of praise for Melvin Long, the new 17-year-old champion, it is evident that even the Northerners concede that he was playing above his game throughout the tournament. Long met and defeated in succession practically all of the best players from the North as well as the South, which is a remarkable showing in view of the fact that he has never won any sort of a tournament in his life before. That a mere lad of seventeen should suddenly rise and conclusively prove himself the best tennis player on the Pacific Coast is certainly a record-breaking performance, and all of the Southern racket-wielders testify that the new champion is a thorough sport, and a most gentlemanly player of the courts.

COLT ACHIEVES
CIRCUS FEAT

**Speeds Across Railroad Ties but
Slips When He Hits a
Bridge.**

[SPECIAL CORRESPONDENCE]
VENTURA, Sept. 12.—A
blooded colt belonging to Fred
Kelsey did a rare acrobatic
stunt this morning on the rail.

road trestle over the Ventura River here. The colt was hitched to a cart and got scared on the street. The animal proceeded to run away. At the railroad crossing near the race-

track he took to the track, and dragging the cart with him, made his way for a quarter of a mile over the ties without mishap. When he reached the bridge he took it like an ath-

lete and plunged along on the ties and over the river for 115 feet, when his foot slipped through and he fell. Marshal Russel succeeded in getting the animal off the bridge unhurt.

and then bought him of Kelsey for \$75. Kelsey did not care for a railroad traveling horse and sold out considerably below value.

FLASHES FROM WIRES

Gov. Pardee yesterday pardoned Charles Fox, serving a six month sentence in the Los Angeles County Jail for embezzlement. The pardon issued so that Fox could support a needy family.

It was given out at Sacramento at Prof. H. J. Waters, head of the Agricultural Department of Missouri, who had been selected for the position of manager of the California University farm in Yolo county, has declined the position.

British ship *Monkbarns*, which arrived at San Francisco yesterday, after a 206-day voyage. The crew boarded the vessel September 2, after a long illness, and was buried at sea. The *Monkbarns* is 206 days out from Hamburg.

concerning the result of the Maine election, particularly the result in the Second District, in which Representative Littlefield was reelected by a reduced majority: "I look upon the result of the election in the Second District as a great moral victory, not only for labor, but for the people generally."

reparations are almost complete to make another attempt to float the Pacific Mail liner Manchuria, which is stranded on Rabbit Island. The steam holds have been pumped full of water.

Atchison, Kan., a street rumormonger had started by telling a drunken man caused a run on the Exchange National Bank in which \$100,000 was withdrawn. The bank kept its doors open until 7 o'clock, at which time the excitement had subsided. The rumor is considered very strong.

column of the Thirteenth Infantry under Capt. Fassett, was first seen at La Paz, Island of Leyte, by the Japanese, the night of September 11. Corporal D. H. Pierce of Company A, Private A. E. Winegardner of Company B, were killed. A battalion of the Thirteenth Infantry was

ped at La Paz. The Pulajane and then ran, pursuing the same tactics used by the Insurrectos. Many gun detachments are en route to the.

On the first hunting estate of Emperor Nicholas below Esh, the peasant rose yesterday, killed a guard and took a percentage of pelotas and bullets.

the Argentina State Telegraph Department yesterday received a telegram from Jachate, province of San Juan, stating that the night of September 11, there was a rain of gulfurous liquid and that, in consequence, the inhabitants were greatly

STEEL COMBINE ABROAD.
 American and English Tube Manufacturers
 Will Regulate Their Home
 Business.

THE ASSOCIATED PRESS—A.M.]
GLASGOW, Sept. 12.—It is an-
nounced that a combination of Scotch
English steel tube manufactur-
ers to regulate the home and export
trade has been formed with a view
to abolishing the present keen com-
petition.
The industry has suffered incalculable

since the previous agreement between the firms in this line was cancelled eighteen months ago. It is understood that the new combine is on a larger scale than the old one taking in all the firms in the United Kingdom except one Clydeside concern.

expected that an advance in will soon be announced as it believed that the agreement carries agency with it.

GARLAND FATALLY ILL.

BOSTON, Sept. 12.—[Exclusive Dis-] James A. Garland, the mil-
lionsman of Boston, and New

former editor of the Atlantic City, is hovering between life and death at his summer home in Hanover, N. H., where he has been since July. The physician, Dr. J. Vernon Briggs, describes him as in an extremely critical condition with little hope of his recovery.

Autumn Silks

Every woman in town owes it to herself to come here and see
the new silks. It's a treat to look them over even if you're not
about to buy. The plaids are perhaps the most interesting

Black Taffeta Specials
of these splendid values in black taffetas have just arrived.
with a lustrous finish, a grade we can recommend for
service. See them and be convinced.

New Veils and Veilings
75c Borderline Veiling 60c
new crepe chiffon veiling with a border of three one-inch bands.
and a few blue, new brown and white. Seventy-five cents is
the regular price of this popular veiling. Here today, at yard 60c.

You Can Play
The Sohmer Cecilian Piano
This piano yields its stores of melody as
freely to the person who knows nothing
about music as it does to the one who
has spent years in the practice and study

The Cecilian Piano Player
The perfect piano player in the world. Easily attached to any
other make. The Cecilian, in the hands of one possessing merely
ordinary musical sense, will, in a very short time, cultivate the
instrument as early years of study, reading, attendance and practice could
not do. The Cecilian finds welcome in the home, the bach-
elor's room, the hotel, the summer cottage, on the private yacht, the
car or the private car. Price, \$275. Easy terms.

RICH IN GOLD, DIES IN DIRT.

Body of Botiller Found in the
Room of a Shack.

Old Bachelor of Proud Race
Lived in Squalor.

Heart Disease Carries Off a
Noted Character.

Rich and proud, scion of an old
Spanish family which owned a
principality in this county, much
of it part of the present city, Plu-
tarcho Reyes Botiller died alone, com-
panionless, surrounded by squalor in
an apology for a house, yet with gold
beside him and deeds in his old bu-
reau representing over \$200,000 worth
of choice city property.

Of all his possessions, Botiller
thought more of his silver-mounted
saddle and bridle than of anything
else. As a relic of the old days of
Alta California, when, in crimson
wash and fine sombrero, he galloped
abroad over the great ranch of his an-
cestors, he kept them in a room be-
side his bedroom.

They alone are left to tell mutely
of the romance of the days of El Cami-
no Real.

The body of Plutarcho Reyes Botiller,
a scion of one of the proudest
and oldest of the Spanish families of
Los Angeles, was found yesterday in
a squalid little room on Maple avenue
near Ninth street.

Careful investigation reveals nothing
to lend a suspicious character to the
tragic ending of the wealthy old man,
and indications point to the conclu-
sion that death came as the result of
heart trouble.

SPIRITS WERE CHEERFUL.
Botiller was seen by his brother,
Dionicio Botiller, of No. 131 West
Ninth street, late Monday night, when
the two spent the evening together.

PLUTARCHO REYES BOTILLER,
found dead in bed yesterday. Worth two hundred thousand dollars, and
descendant of a noble Spanish family, he lived and died in a room ten
by seven feet.

ers, on East First street, are the
first men who have reported their
loss, and on the strength of infor-
mation given them by this firm the police
have been searching for Clarke for
some time without success. The checks
which have been returned to Wade &
Wade were drawn upon the First Na-
tional Bank of Santa Fe, N. M. They
were presented to the First National
Bank of this city and were presented
for payment also at the First Na-
tional Bank of Albuquerque, N. M.

After grounding himself thus fairly
well, Clarke told a hard luck story of
having lost his purse, and requested
Mr. Wade to loan him a small amount.
This Mr. Wade did, and the man wrote
a check for the amount. When he ap-
peared later sufficient time had not
elapsed for the return of the check
from Mexico, and his second request
for money, on the excuse that he had
not yet been able to obtain funds from
his New Mexican bank, was responded
to with a larger amount of cash.

**SCHOLARSHIP
EVENT TODAY.**
This will be the great re-
letter day for The Times Schol-
arship contestants. It is the
day of rewards for labor well
performed, and The Times in-
tends to see to it that these
noble boys and girls who have
run so gallant a race are well
repaid for their work.

RICHES WERE HIS.
The present living members of the
family are: Dionicio Botiller of No.
131 West Ninth street; Felipe Botiller
of No. 229 West Twenty-fifth
street, and two married sisters who
have their homes in this city.

INQUEST THIS MORNING.
The body was taken to the under-
taking parlors of Cunningham &
O'Connor, and the Coroner's inquest
will be held at 9 o'clock this morning.
but there is little question of the
death being other than from natural
causes.

HIS WHISKERS RAISE A RIOT.

Barber Mows Miner's Crop,
Bill Comes High.

Story Brings Out a Crowd
Yelling "Lynch."

Hot Time on Fifth Street,
Police Rush in.

Charging \$6.25 for amputating the
whiskers of F. A. Powers, a miner
from Yuma, caused a riot on East
Fifth street last night; at any rate,
Powers claimed that was the charge.

HAIR CUT AND COLORED.
"Hair cut!" suggested Barber Lewis,
musically, as he ran his tapering fin-
gers through the desert-burned locks.

NO CHECK NEEDED.
"Got a check?" he asked, looking
at his slick appearance in the glass.

MOB YELLS "LYNCH!"
The crowd was yelling, "Lynch the
robber!" "Hold up, Thief!" Get a rope
and hang him. Lewis came to the door
and the mob yelled and made
a plunge at him. He fled in terror.

TWO DOLLARS ABOVE COST.

What Lumber Dealers Say About Prices.

No "Trust," but Conditions Same in Yards.

Report of Another Advance in Price Denied.

Los Angeles lumber dealers with an invested capital of over \$10,000,000 in yards, docks, buildings and offices are selling lumber, they say, at an advance of \$2 per thousand feet over what it costs them in cash for the lumber delivered at the entrance to their yards.

It costs Los Angeles lumber merchants about \$24.50 per thousand feet for lumber, and they are selling it at \$26.50 per thousand, these merchants declare.

From this "unlawfully large" profit of \$2 must come the expenses of running an establishment employing in some instances 1000 workmen, and a force of office employees.

Then, out of the remainder, must come the interest on the money invested, in some instances fully \$1,000,000 before one cent of profit clings to the pockets of the lumber dealer.

This is a cold statement of the exact conditions now prevalent in the lumber business of Los Angeles. It shows but a small business profit to the dealer, but it is sufficient for the yellow press to conjure up a word picture of some terrible "trust monster" composed of the local lumber dealers and backed by the railroad, preparing to twist up the screws on the small home builder.

Yesterday the Examiner stated, under lurid headlines, that the recent advance in the cost of lumber was due solely to the machinations of the local lumber merchants and the Southern Pacific. The grain of truth in that piece of lumber advanced was used as the core about which was built one of the silliest penny-dreadful "scare" imaginable.

The lumber merchants, those who did not dissent the matter as silly to give consideration, were worth at the attempt of the paper to arouse a feeling among the builders against the sellers of lumber, and to choke off the present prosperous conditions in the building industry in Los Angeles.

The statement was made that there is a "lumber trust" in Los Angeles, and that the prices here have been advanced when other sections are enjoying lower prices for their lumber.

This is a direct falsehood, for it is known that for the last five years there has not been even a "gentlemen's agreement" among the lumber merchants. There is no association of lumber merchants, nor is there any other organization known by any name whereby a common price is secured by the dealers. This is the statement of practically every influential lumber dealer seen yesterday.

CONDITIONS THE SAME. The fact that the price of lumber at the various lumber yards is practically the same, is according to the statements of the dealers, due to the existence of identical conditions in the various yards of the city and vicinity.

Every merchant in Los Angeles has to purchase his lumber from the mills on Puget Sound or in that vicinity. These mills are governed completely by the Loggers' Association of the Northwest. Every merchant must pay \$15 per thousand feet for his lumber.

Then the merchant must pay \$8 per thousand feet water freight to San Pedro, Redondo or Port Los Angeles. He must then pay 70 cents per thousand feet to have it unloaded, and must pay \$2 per thousand feet to have it hauled by rail to Los Angeles.

To have it unloaded and piled properly in his yard the dealer must pay another 50 cents per thousand feet, and finds that when he is ready to sell it to the public he has paid out \$25.50 per thousand feet for his stock.

This schedule is what every dealer in Los Angeles has to pay for lumber. There is no deviation from this price, and the merchant asks if it is truly wonderful that with the base cost identical the selling price of but \$2 advance should be practically the same throughout the city.

L. W. Billin of the Blinn-Robinson Company, said yesterday that there is no working agreement between the lumber dealers of this city as far as he is aware of. He characterized the statements in the Examiner as pure fabrications and having a tendency to retard the growing building industry of this city.

OUT OF LOCAL HANDS. "The matter of the cost of lumber is entirely out of the hands of the local dealer," said Mr. Billin yesterday. "The mills of the north where the majority of the lumber used here is secured do not own the standing timber but go into the logging associations, and bid against each other for the material."

"When it is considered that the forests of Michigan and Minnesota have been almost denuded and the big eastern demand which was formerly cared for by the output of these forests has turned to our own Northwest for its supply it is seen that the competition for good lumber has become keener than heretofore."

"This condition following the worldwide law of supply and demand makes for a higher price. The loggers ask now about \$11 per thousand for lumber when a year or so ago they asked but \$5."

Mr. Ganahl says that the increased demand for lumber throughout the United States, and the increased demand coming from San Francisco, is partially responsible for the increase. He says that the arbitrary actions of the Longshoremen's Union and the Seamen's Union in tying up the shipping industry of the Coast has also resulted in increased prices. He continued:

would not send lumber to San Pedro where the unions were striking."

Mr. Ganahl said that so little lumber was received by rail from the North that the Southern Pacific had practically nothing to do with it.

"The fact that the railroads cannot furnish enough cars for the lumber dealers of the North to ship their product East is fortunate for the Angelenos," said Mr. Ganahl. "If sufficient cars were secured we would not be able to half fill our requirements as the eastern firms would be able to out-bid us."

"One thing is certain, and that is that the lumber stocks of practically every dealer in the vicinity of Los Angeles are the lowest in years. It is simply a matter of not being able to secure the material. The stocks are depleted and the dealer does not desire to overload even if he could buy what he wanted, as it requires an enormous investment to carry several million feet of lumber at the present prices. The statement that there is a 'trust' in Los Angeles is the veriest rot. There is no association and no agreement or understanding between the dealers that I am aware of."

The statement that another advance in prices is contemplated soon is denied by the dealers.

VON FINGERLIN MAN OF PARTS.

U.S.C.'S NEW PROFESSOR OF LANGUAGES HERE.

Has the Unique Distinction of Being by Birth a Swiss, by Family Connection an Austrian, by Education an Italian, and by Environment an American.

Prof. Edgar Maximilian von Fingerlin, the distinguished linguist who was recently appointed head of the department of modern languages at the University of Southern California, arrived yesterday and is busily engaged in arranging the various courses

of language instruction to be offered for study the coming semester.

Prof. Fingerlin has already been engaged to give language instruction at Simonds College, Abilene, Tex., and his sudden determination to cast in his fortunes with the local Methodist institution was received with great pleasure here.

Dr. Fingerlin has been engaged as professor of modern languages for over thirty years, and is equally master of German, French, Italian, Spanish and Esperanto.

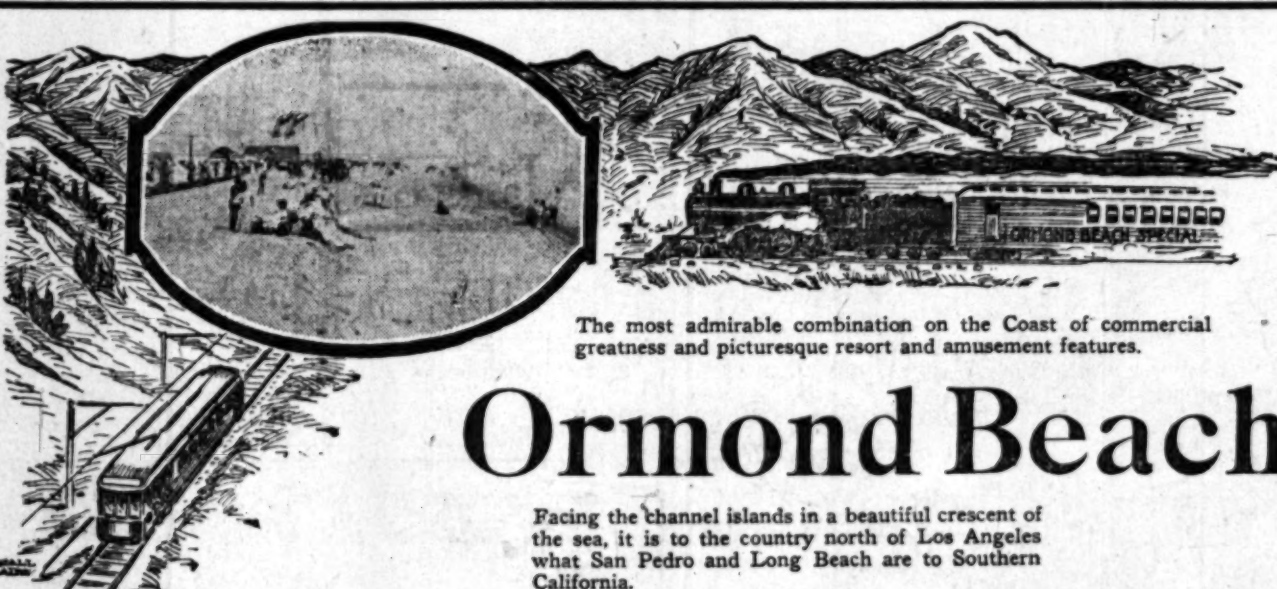

His personal history is very interesting, and he is a member of a family that has been prominently historic on two continents. Maximilian comes into his name through his connection with the celebrated royal family of the name in Austria; his grandfather having been field marshal of the Austrian Empire, under the dominion of Emperor Franz Joseph. When Maximilian of Austria invaded Mexico under the deceptive promise of Napoleon III of France, his most trustworthy aide was Lieut. Rogers von Fingerlin, a brother of the professor.

Freiherr von Fingerlin is by birth a Swiss, by family connection an Austrian, by education an Italian, and by environment an American, so we may take the professor by all these advantages to be a man of remarkable versatility and adaptability. Dr. von Fingerlin, after receiving three degrees from the renowned college of Rome came to America, during the reconstruction period following the Civil War, and his linguistic accomplishments quickly won for him wide recognition as a professor in many of the leading educational institutions of the South. Later Dr. von Fingerlin accepted the chair of modern languages in the State Normal School at Warrensburg, Mo., and was scheduled to occupy a similar position at Simonds College the coming year.

ASSISTANT IN BOTANY. Miss Florence E. Durkee, A.B., a graduate of Stanford University, has been appointed to a fellowship in botany at the university, and will devote her time as assistant in the botanical department, and besides, will carry on research work in bacteriology.

Already considerably over fifty students have enrolled at the university, and this number coming so early in the year seems to predict an unprecedented enrollment.

CHAMBER OF COMMERCE. The Chamber of Commerce directorate, yesterday authorized President Wagner to appoint delegates to represent the chamber at the ninth annual session of the American Mining Congress to meet in Denver, October 12 to 15; also to the Trans-Mississippi Congress, to meet in Kansas City November 20 to 22. Members of the chamber are asked to notify the secretary if it will be possible or convenient for them to attend either of these conventions. The following-named were elected to membership in the chamber: F. N. Van Horn, druggist; T. S. Tompkins, manufacturer; S. D. Sturges & Brother, machinists; L. G. Sarnow, real estate; Los Angeles Stock Brokerage Co.; The F. B. Kitts Press, printers and engravers; H. Hoffman, millinery; Haber & Prelusky, merchant tailors; Goodman-Adams Co., merchant tailors; Richard T. Frank, druggist; Davis & Hogden, plumbers; Colson, Bryant & Darnell, real estate; Paul Kerkow, Café Kerkow; Sun Kam Lee & Co., manufacturing silversmiths.

The most admirable combination on the Coast of commercial greatness and picturesque resort and amusement features.

Ormond Beach

Facing the channel islands in a beautiful crescent of the sea, it is to the country north of Los Angeles what San Pedro and Long Beach are to Southern California.

No Counterpart on the Coast

Ormond Beach stands distinct and alone in this one great feature: it combines in one seaport both resort and commercial interests. It has a modern pier, equipped with track and all modern loading and unloading facilities. It has seven large warehouses of immense storage and transfer capacity. It has the Bakersfield & Ventura Railway connecting it with the shipping interests of the most productive portion of California. The largest ocean steamers load and unload at its wharf. In addition to all these great commercial advantages it soon will become the most picturesque feature of the new Santa Monica, Malibu & Ormond electric line, now building along the Coast, and linking Los Angeles and Santa Monica with this new and beautiful seaside resort. Every modern amusement feature is planned for Ormond Beach. It will have a magnificent pleasure pier and hotel. Lagoons and lakes will beautify the immediate background. Handsome parks will be laid out. Bathing houses, pavilions, boulevards and board walks will be constructed. A stately ocean drive is already under way and improvements are rapidly taking form on every side.

Special Excursion Going Next Saturday

Recent Sunday excursions have carried whole trainloads of investors and others interested from Los Angeles. So many complained of their inability to go on Sunday that this special Saturday train was chartered. The trip includes a view of the great sugar factory at Oxnard, and a carriage ride on the beautiful ocean driveway. The small charge of \$1, less than quarter the regular fare, is charged to keep out undesirable parties. There is no crowding. Every ticket insures a seat. Applications for seats are coming in rapidly. There are just so many cars and no more. Those who wish to go should respond quickly. No one is urged to buy on these excursions, but so enthusiastic are the visitors and so convincing the facts, that the sale of lots has been enormous. The price of lots at present is \$100 and upward. Easy payments. No interest or taxes. As a wise investment the opportunity offered is unmatched by any other on the Coast today, for the amount of money it involves.

EVENTS IN LOCAL SOCIETY.

LOS ANGELES friends have received news from Miss Margaret T. of this city and Capt. Carroll F. of the U.S.A. To many friends this news came as a surprise, though it was rumored that Miss T. had been engaged and she even admitted as much herself. She is a daughter of Mrs. Iva E. Tutt, who has the distinction of being a civil engineer, and who has done much practical work in laying out large mining plants and other enterprises here. She is a woman of wealth and she, with her husband, for a number of years, have made their home in this city, at the Hotel American. Miss T. was one of the most popular students at the Girls' club school, where she graduated last year. After her graduation she took one of the leading parts in the play, "The Girl of the Year," which was most popular in society and was a great success. She is now on her way to Honolulu, where she will spend a year and a half, and then return to Los Angeles. She is a very popular person and her friends are all wishing her a successful trip.

Dr. and Mrs. P. J. Jans of No. 811 Beacon street, left a few days ago for Mexico, to visit in the City of Mexico, and in other places. They will then go south and finally to Chicago, where they will spend some time with their son, Dr. Edwin Jans. They will probably return about Christmas time, accompanied by their son, who will spend Christmas here.

Return from Beach.
Mrs. Frances E. Garnsey of No. 727 West Twenty-eighth street and her daughter, Miss Mabel Garnsey, who have been spending a number of weeks at Hotel Arcadia, Santa Monica, have returned as Mrs. Florence Jans. Silent of Chester Place, who has been visiting them there.

Mrs. Hart Abroad.
Word has been received from Mrs. Henry Wilson Hart, who is enjoying herself in Europe. She has been staying at Carlsbad, Austria, and was there at the same time with Mr. and Mrs. Nicholas Longworth and reports having seen Patil, the famous diva.

MRS. GARDNER H. NARBONNE, who was married yesterday.

The couple will be at home to friends after October 1.
Invitations Out.
Invitations have been issued for the wedding of Miss Mabel Reese Davies, daughter of Mrs. J. M. Davies, to Gen. Robert Wankowicz, the ceremony to take place on Wednesday evening, September 26, at the First Methodist Church. Owing to both bride and groom being well known, the wedding will be largely attended and of much interest to many friends.

For Miss McPhail.
Misses Louise and Pasadena avenue entertained last evening with a pretty card party in compliment to Miss Kathleen McPhail and George M. Dunlevy, who are to be married in the near future.

Benedict-Narbonne Nuptials.
Yesterday morning at 10:30 o'clock Miss Helen Benedict became the bride of Gardner H. Narbonne, the ceremony taking place at the home of the bride's mother, Mrs. Julia Benedict, of No. 2423 Juliet street. Rev. Hugh Jones officiated, and Mrs. J. M. Jones furnished music for the service. As they approached the altar, the wedding march from "Lohengrin" was played, while during the ceremony "The Angel's Serenade" (Thomas) was softly played.

The home was attractively decorated with ferns and pink roses and lilies. The couple stood before a bank of greenery and flowers. The bride was

becomingly gowned in cream embroidered net over chiffon and silk, and carried pink roses and lilies. After a short wedding tour through California, Mr. and Mrs. Narbonne will be at home to their friends after October 1 at No. 2423 Juliet street.

Miss Donnell Returns.
Miss Blanche Donnell, daughter of J. A. Donnell of No. 811 Pasadena avenue, returned home a few days ago after a year or more spent in New York, studying vocal music.

From Motor Tour.
Mr. and Mrs. J. M. Hale and Mrs. A. Goss have returned from a delightful motor tour through the northern part of the State. The trip was made in Mr. Hale's large touring car. The party was at the Hotel Potter, Pismo Beach, Paso Robles, Del Monte, Santa Cruz and other places.

Notes and Personal.
Mr. and Mrs. Arthur Braly left a few days ago for a six weeks' eastern pleasure tour.
Mr. and Mrs. Norman Denham, who have been staying with their parents, Mr. and Mrs. John Wigmore, on West Adams street, have taken a house at No. 828 West Twenty-third street.
Mr. and Mrs. John T. Jones of Portland street, who have been spending the past few weeks at Hotel Potter, Santa Barbara, are expected home the end of the week.
Dr. C. A. Smalley of No. 1000 West Twenty-third street, who has been spending the past three months taking post-graduate work in the clinics of Chicago, and New York, returned home last evening.

The Ladies' Aid Society of the Church of the Redeemer will hold a thimble party this afternoon at the home of Mrs. C. Smalley, No. 1000 West Twenty-third street. All ladies interested in aid societies, whether members of the church or not, are invited.

BONDS FOR WESTERN UNION.
NEW YORK, Sept. 12.—The directors of the Western Union Telegraph Company, at a meeting today authorized President Crowley to call a meeting of stockholders on October 30 to vote on a proposition to issue \$25,000,000 in gold bonds. The directors also voted that \$10,000,000 in gold bonds be issued immediately for subscription by stockholders. The money realized from the bonds is to be used for new construction and the purchase of new property.

Larsen-Fulbright.
At the residence of the officiating clergyman, No. 811 Monte Vista street, on Thursday, Henry Larsen of Los Angeles was united with marriage to Nannie Fulbright of Whittier by Rev. F. A. Field. A select company of friends witnessed the ceremony. The bride was most becomingly dressed.

Mrs. J. M. ARMSTRONG, a sweet bride of yesterday.

MRS. CARROLL F. ARMISTEAD, fair Los Angeles girl, who was married in Manila.

becomingly gowned in cream embroidered net over chiffon and silk, and carried pink roses and lilies. After a short wedding tour through California, Mr. and Mrs. Narbonne will be at home to their friends after October 1 at No. 2423 Juliet street.

Handsome Solid Oak Hall Tree

Has heavy carved ornaments, broad box seat, umbrella holder, hat hooks and oval French plate mirror 14x24. Special. \$20.00

SUTTON SISTERS
WELCOMED HOME.

"OUR MAY" SAYS SHE HAD A
HIGHLY ENJOYABLE TRIP.

Sorry, of course, that she failed to win World's Championship this year, but is likely to try again. Explains why she did contest at the San Rafael tournament.

PARADISE, Sept. 12.—Two young women, Misses May Sutton and her sister, Miss Florence, arrived home this evening over the Salt Lake route. They traveled in President Clark's private car, which was put at their service, and reached here at 7 o'clock. They were at once driven to their home in North Pasadena.

In an interview with a Times reporter shortly after her arrival, Miss Sutton said: "I had a delightful time while I was away and enjoyed every minute of my stay, but I am very glad, nevertheless, to be at home again. Of course I am sorry that I did not bring the world's championship home with me. I can only say that Miss Douglas was too good for me. Try as I would I could not overcome her lead."

"Will you try again next year?" "I shall certainly try," she said. "It is too soon to say whether or not I shall go to England next year. When I do go again I hope to be more successful."

"Did you have a pleasant voyage home?" "I had a most delightful voyage. I sailed from England on the White Star liner Cedric on August 10. As soon as I reached America I went to Newport, after which I went to Cincinnati, where I defeated my sister in the tri-state championship tournament. I arrived in Cincinnati on September 10. It had been my hope to reach San Francisco in time to play in the San Rafael tournament and I notified the officials that if they could put the last day of the play off until Thursday I would come. They sent me word that such action would be impossible, however, and so I was not able to take part."

Miss Sutton left Pasadena on her European trip on May 12. Although she has had a strenuous time during the last four months, she is in the best of health and does not show the effect of her exertions.

POLICE PLANS UPSET.
The police are now debating a proposition that is worrying them considerably and they are wondering just how they will come out of it. John Dixon, the "blind pig" keeper who was arrested last night for selling liquor without license, is being held in the city jail rather than to pay a fine of \$200.

Through his action in choosing to stay in jail for ninety days Dixon has rather upset the plans of the authorities, who expected him to pay some \$500 added to the municipal officers through the arrest. As it is, the city will have to expend the sum of \$24 for meals for the prisoner, 40 cents a day being the price of board at the city jail.

When arraigned in court Dixon pleaded not guilty and his trial was set for Wednesday afternoon. He was fixed at \$200 and he was paroled in the custody of an officer that he might have opportunity to try to raise the money. He was unsuccessful and as the court refused to accept anything but cash bail, he found himself facing imprisonment up to the time of his trial.

Later on he thought the matter over and came to the conclusion that the best thing he could do was to plead guilty. He was again taken before Judge McDonald and given an opportunity to change his plea. As this is the second time he has been arraigned within the last two months on the charge of illicitly dispensing booze he was given the limit of the law, \$200 or ninety days.

At this season of the year there are but few prisoners brought into the City Jail and Dixon will have to serve out the ninety days of his sentence, what will practically amount to solitary confinement. He began serving his time this afternoon.

THE DAY IN POLICE COURT.
J. O. Clapham, who left his horse standing on the street without hitching and put up \$2 bail money to insure his appearance in court, failed to appear when his name was called in the Police Court today and his bail money was declared forfeited.

John McGraw also failed to appear when his name was called, so his bail money was placed in the city treasury. McGraw was arrested by Commissioner Modill, charged with riding a bicycle on the sidewalk.

Guy Harris and Ernest Lange, newspaper deliverers, who were arrested yesterday afternoon for riding their wheels on the sidewalk, had their hearings today. They both pleaded not guilty and their trials were set for September 20.

J. Baines failed to answer to his name on a charge of leaving his horse standing on the street without hitching. Three dollars of his money, which the police held as bail, was ordered forfeited.

D. Seely, charged with drunkenness, failed to appear and his \$2 bail was ordered paid into the treasury.

MOVING FOR A CONSOLIDATION.
A committee of the Board of Trade, composed of Vice-President A. J. Bertoneau, Secretary D. W. Coolidge, C. D. Sargent, John A. Goodrich, D. W. Seely, Harry Gehegan, H. H. Webb, M. M. Green, T. J. Ashby and W. B. Loughrey, went over the lines of the Pacific Electric system today, visiting the city bodies of the different cities en route in the interests of the consolidation project which is now being agitated.

At noon the members and their guests returned to Pasadena, where luncheon was served at Hotel Maryland. After luncheon the party started on its way and visited the cities in the southern part of Los Angeles and Orange counties.

The committee found people everywhere heartily in favor of the consolidation idea and there seems to be every reason for hoping that the plan can be carried through with little difficulty. It is thought that the forming of a federation of all the city bodies of Southern California will prove of great advantage when any subject of general interest has to be taken up for consideration, and the members of the committee having the work of organization in charge are going at the task with the determination to succeed.

MOTHER FEELS DISGRACE.
William Miller, the 18-year-old youth arrested in Los Angeles yesterday afternoon by Detective Copping and Officer Pierce in connection with the recent bicycle theft, was arraigned before Justice Condon today on a charge of grand larceny. He pleaded not guilty and his hearing was set for Friday morning. As he was unable to put up the \$1000 bail money demanded he was sent to the County Jail until the time of his trial.

Miller's mother was in court when

CATCH SHARKS
WITH BARREL.

Two Men at Avalon Devises Ingenious Scheme to Capture Nuisance.

(SPECIAL CORRESPONDENCE.)
AVALON, Sept. 12.—Gilmour Sharp and L. G. Murphy have hit on a great scheme for catching the big sharks that annoy them while fishing. They use a large hook and heavy line, the line being attached to an empty water barrel. When one of the nuisances comes near their boat the men bait the hook with a big chunk of fish. The line is then thrown out and when the shark takes the bait the barrel is thrown overboard. The shark is left to fight the barrel to its heart's content, and the barrel always wins. The shark becomes exhausted after carrying the barrel around for an hour or so. When the two men see the barrel floating calmly on the surface they know that they can easily pull in a very large shark.

The case was called and was the cause of much sympathy. The teen-agers, the disreputable with which her son was charged and sorrowfully told the court that she did not believe that the lad had done wrong. She said that she had always been steady in his habits and had given her the larger part of his earnings when he was at work. She stated that other young men of the neighborhood came frequently to the house but she had no idea that they were engaged in anything unlawful.

RESUME WORK ON CHURCH.
Arrangements have been made whereby work of the new Lake Avenue Methodist Church has been resumed. After Contractor Palmer stopped work through trouble with his men, the church officials found it necessary for them to take the construction work up themselves if they wanted their building completed.

Everything is now in shape and it is simply a question of the length of time that it will take to get the proper materials on the grounds in order to rush construction work along. The troubles of the contractor had nothing to do with the municipal action of the church and the church officials have had sufficient money on hand to pay the bills for the building.

ENGINEER HAS PLAN.
Capt. Charles Hartley, a civil engineer, has made public a plan whereby the city might utilize the power that could be derived from the fall of the sewer water for the purpose of running the municipal lighting plant. The idea is that the fall of the water would generate sufficient energy to operate the plant and that in this way the necessity of maintaining an expensive steam plant would be avoided.

The engineer displays figures which he claims show that the scheme is entirely practical and that the attention to the fact that were the plan put into operation, it would be possible to keep the plant in constant operation, thereby furnishing sufficient electrical energy to enable the city to furnish it to local manufacturing plants for commercial purposes.

A game of baseball will be played on the Pasadena baseball club's grounds next Sunday afternoon when the star players of local Elksdom will try their hands at the national game. Arrangements are being made for a great game and it is anticipated that the attendance will break all records and that the game will be a memorable one.

Both of the local teams will be made up of the Elks' Lodge. One team will be composed of the members of the lodge of the opposition. Representatives of both parties are claiming a victory and exciting times are looked for.

VERDICT AGAINST SULLIVAN.
Water Reservoir That Never Yielded Anything but Hot Air Inspiration and Increased Taxes.

SAN DIMAS, Sept. 12.—The suit of F. T. Clifton against J. W. Sullivan of Seligman, Ariz., was tried in Justice E. Barne's court yesterday, the plaintiff getting judgment by default for the full amount, \$124.25, and costs. This case, together with several others, has caused considerable excitement here. Three years ago Sullivan came here and engaged operations on a water right in the mountains of San Dimas Cañon. Shafter was sunk, with the intention of getting down to bed rock and controlling the water under the city.

When Sullivan returned to Arizona W. W. was left in charge of the water work. He regarded the creditors with a "hot air" stories of his employer, the wonderful "little King of Arizona," the multi-millionaire.

Falling to find water, an effort was made to unload the property. The shaft was lined with canvas and a coating of clay, then partly filled with water and a prominent La Verne rancher was invited to invest \$20,000 in the Sullivan bonanza. Failing, however, to find a sucker hereabouts, and as Sullivan's creditors were getting impatient, his agent, Walls, left for parts unknown.

An amusing incident happened during the time that Walls' "hot air" was at its hottest. A man arrived on the scene who was a stranger to Walls, and inquired as to the value of Sullivan's possession. He was assured that \$20,000 was a very conservative valuation, and that Sullivan "would not take a cent less." Grover, the champion of Walls when he found that the stranger was Ben E. Ward's deputy, who was readjusting the latter's values, and who readjusted the assessed valuation of Sullivan's land from \$150 to an amount considerably greater, against which Sullivan "kicked."

Hotel del Coronado will please you.

NEW LODGE FOR ALHAMBRA.
ALHAMBRA, Sept. 12.—The Odd Fellows of Alhambra and its vicinity will institute a lodge at Alhambra Saturday afternoon, September 15. Grand officers will conduct the institution, which will be followed by an election of officers and the party adjourned to the District Deputy. In the evening visiting teams will confer degrees upon the new members.

Try a week at Coronado.

MAN YSHARKS SEEN.
Sharks are becoming numerous again, as was the case last summer at the latter end of the season. Hammerheads seem to predominate, and they are making a good deal of trouble for the fishermen

SALVATION ARMY
AIDS OLD FOLK.

ANGELENOS ENJOY EXCURSION TO LONG BEACH.

Two Coach Loads of Elderly People and Conventuals from the County Hospital Are Served With Dainty Eatables at Seashore—Guests Receive Ride on Ocean Launch.

LONG BEACH, Sept. 12.—Two coach loads of old people of Los Angeles, under the care of the Salvation Army, arrived here this morning on the Salt Lake road for an outing. Twenty of the corps under direction of Maj. Morton looked after their comfort.

The crowd was a study. There were little old ladies in black, with tiny black bonnets, and old men, some big, some little, who tottered as they walked, supported only by stout sticks. They sat in groups on the sand or pier, gazing with dim eyes across the placid blue. Among the picnickers were fifteen from the County Hospital in charge of a physician, and attended by a nurse.

The ladies of the local churches had prepared big buckets of potato salads, and some young men of the city, gazing with dim eyes across the placid blue. Among the picnickers were fifteen from the County Hospital in charge of a physician, and attended by a nurse.

who care to have a whole fish when they catch one.
The sharks are smart enough to follow the motor and dangle up the fish as they are being hauled in by the anglers, many of them bringing in useless bodies or heads without body or tail. Half a dozen sharks, ranging from 150 to 400 pounds, were brought in yesterday.

SAVING NEWS BRIEFS.
For the first time in six weeks the steamer Cabrillo was not held here Saturday night to do duty as a lodging-house. The crowds were entertained at the various hotels, with an overflow into the Canvas City.

The band "has went." Only eight of the performers remain to make music in the pavilion for the dancers during the remainder of the season. At the closing open-air concert there was no disputation in attendance apparent. Every seat was filled by the great audience, which gave enthusiastic applause and frequent encores to the best band that has ever performed at Catalina.

H. L. Harris, with Harris & Frank, and Mrs. Seligman, daughter of C. Seligman of M. A. Newark & Co., are the principals in an interesting Catalina romance which developed over a few days' stay in which their plighted troth was sanctioned by their families. Mr. and Mrs. L. Harris and Mr. and Mrs. Seligman, with several members of the families meeting here and giving approval according to the custom of the faith.

Miss Whitaker of New York, who has been a guest at Hotel Metropole for two months past, had the honor to sail and break her arm while skating.

Best climate on earth at Coronado.

PROMISE BROKEN BY FURUSETH.

TOTEM BOSS SHOWS HIS TRUE NATURE BY BETRAYAL.

After Agreeing to Aid in Discharging Vessel at San Pedro He Calls His Union Dupes Away from the Work, Showing How Much Honor He Possesses.

SAN PEDRO, April 12.—A good illustration of the small amount of dependence that can be placed in the words or promises of any of the local totemites or their business agents or walking delegates, at home or abroad, is shown in the experiences of the steam schooner South Bay, Capt. Sorenson, which arrived at Monterey from Eureka, via San Francisco, with a large cargo of lumber, consigned to the San Pedro Lumber Company.

The South Bay carries a union crew and Capt. Sorenson states that Andrew Furuseth, head big chief of the Seafarers' union, who is now in San Francisco, had been promised by the San Pedro Lumber Company, and everything went smoothly until the vessel was delivered to the union crew.

This morning Harry Olsen, local agent of the sailors, acting upon advice received from Furuseth, who came of the vessel to the harbor, handled the cargo, called off the sailors on the South Bay. They obeyed, of course, like so many cattle. The vessel will be filled by non-union men.

REPORTS ON SHIPPING.
The report of the local customhouse for the month of August shows the arrivals at this port of seventy-eight steamers, sixteen schooners, two barkentines and one ship—a total of ninety-seven vessels, having a net tonnage of 41,233 tons, and carrying in cargo 222,000 tons of merchandise and 16,920 passengers. During the month 589 tons of merchandise were exported and 11,451 passengers departed.

On account of the strike and labor troubles, the business done in this port last month shows but little in export and import of goods. The various wharves, while a good-sized fleet is loading and on the way, September business promises to return to normal proportions.

MOVE FOR ANNEXATION.
San Pedro and Long Beach are once more carrying on a flirtation, not unmixed with jealousy, to see who will eventually win Terminal Island.

Petitions were circulated all over San Pedro today calling another election for the annexation of the east side, and it is stated that the Board of Trustees in special session, tonight, will set a date for holding the election. At a former election Long Beach was victorious by one vote, while San Pedro claims was fraudulent, and the matter has been in the courts for several months, only a few days ago having been appealed to the Supreme Court.

This latest move on the part of San Pedro seems to mean a complete disregard of any past wooing of Terminal Island, which was the subject of a ship all over again, placing the initiative for any contest upon the shoulders of Long Beach.

OCEAN PARK JOTTINGS.
THE FURNACES, machinery and structural iron work for the garage incinerator have arrived from the factory and work will be commenced at once on the construction of the waste consumer. The

ANNAPOLIS GET DIPLOMAS.
ANNAPOLIS, Sept. 12.—Secretary of the Navy Bonaparte today delivered to sixty-five midshipmen of the first class the diplomas which they earned by a special summer course instead of waiting to graduate with their classmates next February.

Pierre Merlou, former Minister of Finance has been appointed Minister of Finance at Lima, Peru.

ARCHITECTURAL CLUB.
The Los Angeles Architectural Club held its business meeting last evening with a good attendance. The first election of permanent officers took place, with the following results: President, H. J. Withey; vice-president, R. J. Jeffery; secretary, A. R. Walker; treasurer, P. J. Vantress; chairman House Committee, Walter Eggers; Library Committee, Albert Crowder; auditor, George H. Brown. Permanent club rooms have been established on the second floor of the Tajo building.

equipment for the Santa Monica plant has also arrived and the two plants will be constructed simultaneously.
Arthur Pittenger and Miss Besale Law of this beach went to Riverside today and were there married.
George Tyler and Miss Louie Craigie, also of Ocean Park, slipped away to Los Angeles yesterday and were wedded.

SANTA MONICA'S TAX LEVY.
Lower Than Last Year—New Sewerage Problems to Be Put Into Hands of Committee.

SANTA MONICA, Sept. 12.—Although Santa Monica is this year called upon to provide for interest and redemption fund on the recent bond issue of \$100,000, the tax levy is 5 cents less per \$100 on the assessed valuation than it was last year. The rate for the fiscal year 1906-7 will be \$1.35. This is the rate that is applicable to the original city. In the annexed territory the tax will be 13 1/2 cents less, as the new territory will be called upon to provide for interest and redemption fund on the recent bond issue of \$100,000, the tax levy is 5 cents less per \$100 on the assessed valuation than it was last year. The rate for the fiscal year 1906-7 will be \$1.35. This is the rate that is applicable to the original city. In the annexed territory the tax will be 13 1/2 cents less, as the new territory will be called upon to provide for interest and redemption fund on the recent bond issue of \$100,000, the tax levy is 5 cents less per \$100 on the assessed valuation than it was last year. The rate for the fiscal year 1906-7 will be \$1.35. This is the rate that is applicable to the original city. NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

ANY TRY FOR POLITICAL PLUM.

BERNARDINO NOMINATION IS ABOUT FOR EAGERLY.

San Bernardino County Central Committee Will Select Man for Office of Sheriff and Candidate for Sheriff Turn-Signs Indicates a Campaign Before Election.

San Bernardino, Sept. 12.—Who will receive the nomination at the annual meeting of the Republican County Central Committee for County Assessor and Sheriff, and who will be the candidates for Sheriff, are the questions of the hour here, and candidates are being sprung up at the rate of a bushel.

At present Superintendent of Schools, in this city, is one of the most aggressive candidates. His qualifications there are not questioned in this line.

Mr. G. Kendall is also being urged for the place on the ticket. He has the older McElvaine's nomination in the office, and the older McElvaine is not a candidate, while his record has not been questioned, but among political interests he is not a favorite.

Mr. G. Kendall is also being urged for the place on the ticket. He has the older McElvaine's nomination in the office, and the older McElvaine is not a candidate, while his record has not been questioned, but among political interests he is not a favorite.

TRIO OF LIONS KILL CATTLE.

Wild Beasts of Large Size Cause Much Loss in Cajon Pass Region.

(BY DIRECT WIRE TO THE TIMES.) SAN BERNARDINO, Sept. 12.—[Exclusive Dispatch.] Three large mountain lions are causing great loss to the stock owners in the Cajon Pass region.

Fred and George Worthington, Daniel Buskirk, A. L. Wilby, Fred Gilis and Frank Jay, returned today from an eleven days' hunting trip to the region, having spent most of that time in an effort to kill the lions.

The ranchers are on the alert, the lions having killed many cattle. It is proposed to organize a great lion hunt. The three lions have been seen at various times, and are said to be of unusual size, and perfectly fearless in attacking dogs which are sent against them.

to buy the grounds, together with a sufficient amount of water stock to care for them properly, something which seems never yet to have been accomplished.

The annual meeting of the Upland Citrus Association will be held on the 15th inst., and that of the West Orange Association on the 20th. Both the associations are affiliated with the Southern California Fruit Exchange.

Additional news from the Algonquin Hotel building will double the capacity of that structure, and its appearance will be greatly enhanced by the new wings which are being added to the East and Middle West. Indicate that the tide of tourist travel this way the coming winter will eclipse anything yet known, and Landford Chaffee is preparing to care for his share.

Mrs. E. H. Hays has returned from a summer's visit with relatives at Geary, Okla., and at several points in Kansas.

Dr. E. VanWormer and family left yesterday for Chattanooga and other points in Tennessee, where they will visit relatives for a couple of months.

Miss Zola Westland has gone to Los Angeles to enter the Normal School.

Hotel del Coronado better than ever.

FROM RIVERSIDE TO COLTON LINE.

TRACTION COMPANY PLANNING TROLLEY ROAD EXTENSION.

President of Corporation Confers With Leading Citizens and All Signs Point to His Making Earnest Efforts to Construct Railway—Some Property Owners Ask High Prices.

COLTON, Sept. 12.—That the San Bernardino Valley Traction Company is soon to make earnest efforts to build the electric line through from Colton to Riverside was again assured today by the visit of A. C. Denman, president of the company, to this city.

Several of Colton's leading citizens were his guests at dinner at the Anderson, and he stated that since his return from the depot, a few weeks ago, he has determined to make "a go" of the proposed line.

The right of way has already been secured from Riverside to the county line and there remains only to secure one from J street in Colton, south a few miles to the dividing line. But here lies the trouble, and it is this that has tied up the plans of the Traction Company for the two years past.

Denman and owners along the proposed route that has surveyed some time ago demand more for their property than the Traction Company will pay.

Two or three desirable routes have now been selected by the company and it is believed that this will put an end to this difficulty of the past.

It is understood that President Denman expects to go to Los Angeles this week to interview the officials in regard to the securing of a right of way through the Southern Pacific track. The Traction Company, it seems, is desirous of crossing at Eighth street, but as this is refused by the depot, it is probable that the Southern Pacific will hold to its refusal of the past as far as that street is concerned. There is liable to be more than one bid for the franchise.

COLTON NEWS NOTES.

D. Ketchum, who has spent the summer here at the home of J. W. Hanna, left yesterday for his home in San Antonio, Tex.

P. H. Reed's planing mill was entered Sunday evening and a number of carpenter tools stolen.

Miss Nannie Wardford has returned to Colton after a three months' visit at her old home in Kentucky.

Mrs. Mary Darling of Chicago, mother of Mrs. E. B. Dedrick, is expected to arrive this week to spend the winter here.

Best service at Hotel del Coronado.

HEMET NEWS BULLETINS.

HEMET, Sept. 12.—The shipments of grain, hay and fruit continue so heavy from this place that extra freight trains have been necessary during the last week. Orders for grain are constantly in receipt, and it is estimated that within the next two weeks from fifty to seventy-five cars will be shipped from Hemet.

The Hemet Improvement Association met last evening. The secretary was instructed to write the District Attorney for advice as to the right of local officers to stop bicycle riding on sidewalks of towns. The matter of securing a cemetery at this point receives consideration.

The canvass for nomination for County School Superintendent is becoming warm. There are five applicants for the place, which will be filled by the County Central Committee at a meeting to be held Friday.

The registration of voters at Hemet for the fall election shows a remarkable increase, the vote having doubled in the last four years.

The grammar school opened Tuesday, September 11, with a large attendance. The High School opens Monday, September 14. Everything points to a most successful year.

Mr. and Mrs. Rickard left Monday noon for a visit with relatives at Springfield, Ill.

William Wilson and family left the first of the week for a trip to New York City.

Have you visited Coronado yet?

"FORTY-NINER" PIONEER DEAD.

OCTOGENARIAN RESIDENT OF RIVERSIDE PASSES AWAY.

Came to San Francisco in the Days of Gold—Retired from Business Thirty Years Ago and Settled in Orange Belt—Body Will Be Interred at Gate City.

(BY THE ASSOCIATED PRESS.—P.M.) RIVERSIDE, Sept. 12.—[Exclusive Dispatch.] Meyer Frankenstein, a pioneer of 1849, died here tonight. In the eighty-second year of his age. He was born in Bavaria, came to this country when he was 21, landed in San Francisco in 1849 and afterward moved to Nevada county, and while in business there went back to New York and married. He returned, and in 1861 removed to Gold Hill, where he remained until 1874, when he returned to San Francisco.

He retired from business in 1884 and settled in Riverside, where he embarked his son, Philip K. Frankenstein, in business with Felix Lightner. He leaves three children, K. K. in business in this city, Mrs. George L. Bittinger, wife of the vice-president of the First National Bank, Los Angeles, and Mrs. Felix Lightner, wife of his son's partner.

The funeral will be held in San Francisco next Sunday, and will be at the Home of Police Cemetery. There will be no services in Riverside.

VERDICT OF MURDER.

In the inquest held over the remains of Gottlieb Amshutz, better known as Smiling Charlie, the miner and teamster, Coroner Dickson found a verdict that he came to his death through wounds inflicted by parties unknown. The crime occurred about four miles north of Dos Palmas. Two men, who are suspected of the deed, took the train at Pope for Yuma, and the Sheriff there is on the watch for them. Amshutz's horses had been stolen and he followed the thieves on another animal. Some time after he arrived his horse returned riderless, with blood on the saddle, and the body was found with a bullet wound in the shoulder and the top of the skull blown off. Sheriff Coburn started as soon as possible for the scene of the murder to take personal charge of the case. The coroner's jury returned a verdict of murder, and the public administrator M. S. Bowman also went to Thermal to take charge of the estate.

SWEZEAS MAY COMPROMISE.

After the scene in the court yesterday when Jay Swezeas undertook to smirch his wife's reputation and failed, all the parties concerned sought the office of Miguel Estudillo, attorney for the wife, and proposed to drop the defense. W. B. Russell, brother-in-law of Swezeas, proposed that if a satisfactory agreement as to alimony could be reached, the defense should abandon the case. Friends of the wife say this is correct, and it is likely that the sensational case will have a quiet ending.

BOY SENT TO PATTON.

After an examination by Dr. J. G. Baird and C. Van Zwanenberg, L. G. Wood, a youth, was sent to Patton today by Judge Denmore. It is thought that the boy is suffering with epilepsy, a disorder which may be dangerous. His brain has been weakened by the usual causes of this disease, and constant study of Karl Marx's works. He became infatuated with a young woman in San Jacinto and threatened the lives of several persons when his offer of marriage was refused. He was taken to the asylum. When he was removed to the jail she almost carried him in her arms, and for hours lingered, weeping, at his side.

ELSIORNE NEWS NOTES.

ELSIORNE, Sept. 12.—Prof. Macdonald of Los Angeles has been engaged as principal of the Elsiorne High School, which will open October 1.

Prof. E. E. Smith and family of Riverside have arrived in Elsiorne and are residing on Hilby street. Smith will teach the grammar grades of the city school this year.

At the tennis masquerade at the skating rink, Mrs. Charles Graham and Jesse Laws took the prizes for the best costumes. About 200 people were present. Forty of the number being maskers.

Edmund McCoy and son, Gilbert, have returned from Ukiah and other northern points. McCoy's daughter, Dorris, returned Monday from a few days' visit with relatives in Los Angeles.

Mrs. Norman L. Dickson and daughter, Louise, have gone to Eureka to spend several months. Mr. Dickson accompanied them to Los Angeles.

Prof. and Mrs. W. L. Morrison are spending a few weeks in Los Angeles. Their daughter, Miss Mattie, has resumed her duties as teacher in the State School at Whittier.

Mrs. H. K. Perry is visiting her daughter, Mrs. Helen Penny, in Los Angeles this week.

Mr. and Mrs. Perry Graham and son, Glen, are the guests of relatives in Los Angeles this week.

G. W. Wilbey and wife are spending a week in Los Angeles and at the beaches.

Hotel del Coronado open entire year.

DR. FERGUSON'S SURPRISE.

Secures a Recall to His Church and Then Resigns—Stillman Ranch Changes Hands.

REDLANDS, Sept. 12.—Rev. Wilbert P. Ferguson, D.D., pastor of the First Methodist Episcopal Church, of this city, has accepted a call to the pastorate of University Church of Lincoln, Neb., and will leave here in a couple of weeks for his new field of labor.

Dr. Ferguson has been pastor of the local church for the past two years. He has been a potent factor in the civil and religious life of this city, and is conceded to be one of the kindest and most diplomatic men in this section.

Dr. Ferguson left for the East some weeks ago, and the meetings of the official board of his church which immediately followed his departure will be recalled as stormy and unpleasant. Dr. Ferguson being criticised severely for his worldly tendencies, his dabbling in politics, his prospective matrimonial alliance with a divorced woman and other matters. It was proposed to ask that a change be made here, but it was finally agreed that perhaps a more delicate way out of the trouble would be to reduce the salary and thus press him to a desire for a change. Dr. Ferguson heard of the trouble and immediately wired that he would return at once. This he did, and so effectively did he work his cards that the sentiment was apparently changed, and it was decided to give him a unanimous recall at the former salary. After thus getting every one

More Fish for Orange County

Streams Will be Restocked with Speckled Beauties.

Government Hatchery at Elsinore Unable to Give Southern California Anglers Their Proper Share of Fish, Owing to the Lack of Proper Transportation Facilities.

SANTA ANA, Sept. 12.—Orange county's trout streams will be restocked with fish again this year. A. J. McFadden and John Carlisle of the Orange County Fish and Game Protective Association have interested themselves in the matter, and made application to the State Fish Commission for a consignment of trout. They will arrive here some time during the next thirty days, and will be taken to the Trabuco, San Juan Hot Springs and the various cañons to be placed in the waters. These streams have been stocked a number of times, but the low water of the past few years and the fact that the fish have been taken out. The water in the cañons is higher at present than it has been for years at this season, and it is a good time to restock them.

Northern California fishermen have a decided advantage over local lovers of the willow switch and angleworm sport, for the fact that they are closer to the government hatchery, and not only get the first pick of the speckled beauties, but get them from the station every year.

Robert McFadden and E. M. Smiley who have been on a trip to the north-east part of the State, paid an interesting visit to the hatchery at Elsinore, and were shown through it by the government representative. The official told them that he wished it was in his power to give the fishermen of the south end of the State more consideration in the matter of sending them fish, but that under the present system of distribution it was impossible to do so. The State has no regular fish cars like the ones used for the purpose in the Eastern States, and it is necessary to send them out in cans. The cans have to be ice on route, and it is impossible to send the larger fish so far. Trout four and five inches long go to the streams near by, and smaller ones, some of them not over two inches, come down here. It is necessary for a man to accompany the shipment and to see that the fish are properly cared for. Many of these little fish are eaten up by the larger ones in the streams in which they are placed, and many of them die in transit. The trout placed in the northern streams one year are full grown by the next.

DEPOT FOR GARDEN GROVE.

Garden Grove will soon boast of a Huntington depot building. Forms and material for the cement foundation of the building were unloaded there yesterday, and workmen will follow up in a few days to commence the laying of it. The structure will be much on the order of the one now under way at Artesia, with freight house, ticket office and waiting-room combined. The building will be an accommodation for the patrons of the road at that point, both in the passenger and freight departments. The ticket office at present is a rejected car of small size, and there is no waiting room. The freight depot and express business is growing fast, and the present platform is hardly large enough to hold the daily shipments which are piled up there every evening from the surrounding country.

TAX RATE ORDINANCE.

The ordinance fixing the amount of money to be raised by the city for its expenses of the coming year was read for the first time. It fixes the rate of assessment at \$1.75 on the \$100, which is apportioned to the different funds as follows: General fund, 45 cents; street, 25 cents; library, 6 cents; high school, 25 cents; special school, 10 cents; sewer bonded indebtedness, 24 cents; water bonded indebtedness, 24 cents; fire department bonded indebtedness, 24 cents; school-house bonded indebtedness, 3 cents; bridge bonded indebtedness, 2 cents. The ordinance was referred to the City Attorney.

SEPTIC TANK FINISHED.

Santa Ana's septic tank is finished. Water Superintendent Ransom held informed the board at last night's meeting of that body that the work had been done, and as soon as a couple of gates were put in the sewer main, it would be ready for use. Reid was instructed some time ago to do the work, and notwithstanding the fact that Contractor Hill and others, raised considerable objections at the time to the work's being done without advertising for bids and letting the contract to the lowest bidder, as the law provides, Reid was not stopped.

DIES FROM ACCIDENT.

Coroner Smith went to Anaheim this afternoon to hold an inquest over the remains of Fred Retich, who died at 11:30 last night in the Fullerton Hotel.
